Beast Brothers 3

Beast Brothers 3 Stephanie Brother

After I spot the sexiest man I've ever seen -- tall, ripped, tattooed, and impossibly gorgeous -- I spend weeks fantasizing about all the dirty, dirty things he could do to me.

When we finally meet, I'm ready for the hottest one-night fling ever -- until he introduces me to his twin brother!

Unlike my besties, I've always thought two men were too much trouble. But Deke and Jake Abbott, leather-clad biker kings, might just change my mind.

They turn our one night into a pleasure-drenched weekend ... and they're not through with me yet.

I've always wanted a man I can build a future with. My massive, muscled biker twins don't fit with my corporate career ... so why can't I resist them?

I should be saying No, but they have me saying, Yes, please, don't stop!

This is a MFM ménage romance with a guaranteed happy ending. Though it's the third book in a series, each story stands alone. There are no M/M scenes – the beastly bikers are all about pleasing their woman.

Notice: this book includes “sneak peek” chapters for Beast Brothers 1 and Beast Brothers 2. The main book ends at approximately the 90% point.

Biker brothers

WOW, I'd say this one was my favorite book from this series. Don't get me wrong all three were GREAT and well written. Having my own biker man I'm more in tune with the biker life style and enjoyed the HELL OUT #3. Definitely adding this to my collection I'm sure I'll re-read this series several times.

Beast Brothers 3 is far the best in this series and another hit from Stephanie Brother . Finally we get to know Tara's story with her 2 hot twin "beasty bikers" Deke and Jake .

Love this series and was captivated by this story from the beginning . The hot and steamy scenes are perfectly written and the characters are fabulous with an amazing chemistry . You don 't want to miss this hot read if you love ménage stories.

Loved it! Tara goes to a biker bar looking for a biker she saw in front of a local Mexican cafe. She needs a date and she believes he might be accepting of her best friends' menage relationships. When she is being accosted by two villains, said biker Deke comes to the rescue. Guess what, not only is he hot, sexy and completely open minded he is not who she saw at that cafe it was his twin Jake. Good thing these twins know how to share. A fun steamy adventure how the twins change her life for the better.

This series is about twin brothers and their lucky lady of choice and has improved with each book but each book is a standalone so don't fret if you haven't read them in order.

Great Read

Story keeps you interested and I love how all the stories from all 3 books come together it's the story line. It's got great erotic scenes.

Book-Lovin-Momma says

I love that Tara gets her story, with twice the heat! Deke and Jake are quite simply two OTT hot twins, and

when Tara goes searching for an escort, little does she know she ends up running into her fantasy man. But there are two, which means double the heat, double the pleasure, and all the benefits. Loved this smoking hot MFM romance, and these men are so alpha but so hot for Tara! Fantastic and so fun to read! I voluntarily reviewed an advance reader copy of this book.

Lisa Hoak says

Tara's friends found a pair of men (each!) to make them happy but Tara thinks they are asking for double headaches. She spots a sexy man leaving a restaurant and sets out to find him. She ends up getting more than planned for but the headaches weren't from dealing with her men.

I like the first two Beast Brothers book and this this one is no exception. It was so good! Each can be read as a standalone. This is a voluntary review of an advance copy.

Courtney says

I am never disappointed with a new Stephanie Brother Beast Brothers book and I loved this one. Two hot men, bikers no less and twins, who want to treat you like a princess, sometimes a dirty one, who would say no to that? Not Tara, in the latest of the Beast Brothers books. When Tara gets a glimpse of a hot biker he starts appearing in her fantasies and when she takes a walk on the wild side to look for said biker she thinks she finds him. When she meets Deke at Wheels, the bar he and his brother own, she asks him to go with her to a dinner with friends and he agrees. When she tells him why she was at Wheels in the first place he shocks her by introducing her to Jake, his twin brother. The brothers are so opposite from her normal guy that they may be just what she was looking for and needing in her life. Jake, Deke and Tara are hot together and yet they have a solid connection that can not be denied. I voluntarily reviewed an Advanced Reader Copy of this book.

4 1/2*

Tara needs a date for Megan her best friends party. She's trying to find the hot biker she's seen with her friend Zoe's bodyguards.

Deke rescues Tara from 2 bikers after she visits a club on her own he's been her fantasy for weeks or has he? Imagine her surprise when she meets Jake his twin!

The chemistry is hot.

Another brilliant story I loved Megan's story - beast brothers & when Zoe got her story in beast brothers 2 I wasn't sure what to expect but I was not disappointed. A standalone book with a true ending.

I would love Kaitlyn Tara's sister to have a story please??

Awe! Tara got her story- a hot one at that!

When Tara goes on the hunt for an " escort " to Megan's party, she is looking for a particular type of man, one that can hold his own with the NFL Twin Beast Brothers, and not judge their lifestyle.

She ends up at a biker bar, hoping to find someone there. She did better than she could have imagined, the man whose been haunting her fantasies walks in saves her and agrees to be her escort! Thinking it could not get any better this hot dirty talking all alpha biker finds out she has been fantasizing about him since she saw him- only it wasn't him it was his twin brother! These two men are going to make this straight laced girls fantasies come true times two! Will one night be enough for the three of them?

Holy hotness! This fast paced Beast Brothers book was a scorcher with just the right amount of sweetness, love, and learning to do what makes you happy I was all in- no putting this one down til it was finished! I have loved all the Beast Brothers Books; this is a great addition!
