Debonair Jani Kay

deb•o•nair adjective \?de-b?-?ner\ of a man : dressing and acting in a stylish and sophisticated way : urbane, attractive, charming and confident

Debonair and sexy-as-sin Tyler Sinclair has fought his way from poverty to the top as a Wall Street stockbroker. Hungry for success, ambitious for power and glory, he doesn't have time for messy emotions like love. When his colleague is called away on business, Tyler is stuck with an intern he never wanted and doesn't have time for. Three weeks of torture await him.

Raised by a single mother, Brooklyn Bennett is an Australian girl who works and studies hard to achieve her dreams. She scores an internship with a prestigious firm in New York for six months. Focused on her career, she can't afford to lose sight of her goals. Love is not on her agenda.

From the moment Tyler lays eyes on the girl with the golden hair, strange accent and sassy attitude, something about her intrigues him. Can he teach her all she needs to learn without losing his heart? Can he make her yield to him not only in the boardroom but also in the bedroom? Will a few nights of passion change the way they both feel about love . . . or is it just about sex, money and desire?

Lo comencé a leer y fue como ... what? qué onda este tipo, luego me interesé un poco más. Cuando quedaban 20 páginas para terminarlo y me di cuenta que nada estaba llegando a su fin caí en que es un libro con seguramente mil continuaciones. Lo terminé y no creo que lea los demás. Pero estuvo ok, piola para pasar la tarde.

Empezó regular... Le di la oportunidad y aunque sentí que podía engancharme a la historia, a mitad del libro me di cuenta que no avanzaba nada.

Super predecible. Me pude haber ahorrado el tiempo.

I really liked Brooklyn and Tyler. Unfortunately the novella ended just as things were starting to heat up.

Debonair Part 1 by Jani Kay

Holy hotness!!!! This story is HOT!!! Tyler is a very successful business man who has to take on his partner/competitor's intern for a few weeks while his partner/competitor is out of town. Brooklyn is the intern who hasn't had an easy life growing up with her single mother. Brooklyn believes that she is just a smart plain Jane. She has worked hard to get the opportunity to be an intern. No man or relationship will stand in her way of the job she has been working so hard for. This story of Tyler and Brooklyn is so good. I couldn't put this down and I was very sad to come to the end of part one. I can not wait for part #2!!! This is a fantastic start to what I believe will be an amazing series!!

Read Debonair part 1 in Owned Anthology.

I loved wall street slick Tyler Sinclair when he sees a women in the middle of time square he cant resist to take a picture but long behold its his intern he has to take on for 3 weeks.

He raising to the top self made man but when Brooklyn Bennett comes from internship from Australia not only is it his golden girl but he willing to teach more than just the books.

Your meet Brooklyn who comes to NYC to take on wall street and everything he internship has to show her. Brooklyn is a normal girl trying to get in on the world until she meets over the top Tyler.

Tyler is hot hot hot and sexy talker. You cant wait for Part 2 to see what skills Tyler can show Brooklyn

I loved this novella. This is in the Owned Anthology and every book so far has been amazing. I can't wait till part 2 comes out. Brooklyn is such a spitfire and is perfect to put Tyler in his place.

One click the Owned Anthology now! It's not available for long!

Tyler and Brooklyn see each other when she is taking a shot with her roommate while sight-seeing New York. They feel an instant attraction to each other but they both walk away without finding out who the other one is. Brooklyn turns out to be Tyler's unexpected intern for 3 weeks while her boss is away in London. Sparks fly but Brooklyn does not admit to being the girl that Tyler saw that day. When told she had to go to an after work party with Tyler, Brooklyn transforms into a different person and Tyler realizes that she was definitely the girl he saw before. Brooklyn fights her attraction to Tyler and he makes no mistake that he wants her and that she will be his. We will have to wait for the next book in this series to see what happens next.

I Read in The Alpha Anthology

5 WTF Bloody Brilliant Stars

Debonair is the 2nd novella in the OWNED: An Alpha Anthology it's the first thing I have read by the author Jani Kay.

I hate novellas but so far I'm 2 for 2 having my ass kicked by how good the novella's are in this anthology!!!

You know a story is good when you get to the last words and your mouth actually forms an O in shock and outrage.

Seriously Jani Kay how could you end it there!!!!

I mean seriously WTF!!!

And the next part doesn't come out till 2015!!!!

What are you doing to me woman I need the next part NOW!!!

Tyler OMG is one of the sexiest characters ever he's like Mr Grey only less obnoxious or maybe he's actually more obnoxious he just blinds you with swoon worthiness!!!

Whatever it is I'm well and truly hooked I'm team Tyler he's just WOW!! Not really sure how else to describe it!!!

Brooklyn girl just give him your knickers and say yes honestly why wouldn't you!!!

I'm actually a bit gobsmacked by this story; it got me hook, line and sinker.

I'm slightly speechless and to be honest that NEVER happens!!!

The worst thing about this novella is that it's a novella I wanted it to carry on L

Even now 10 minutes after I've finishing it I'm still just shrugging my shoulders and going WTF!!!

Bloody, Bloody BRILLIANT 5 WTF stars!!!

Melissa Jones says

I was given the great privilege of reading Jani Kay's Debonair and it is HOT, SEXY, and I NEED MORE OF MR DEBONAIR!!!

Jani definitely has a knack for creating irresistible alpa males and Tyler Sinclair aka Mr Debonair is the complete package--gorgeous, arrogant, successful, and the ladies are usually waiting in line.

The heroine, Brooklyn Bennett is a very intelligent young woman whose ready to start her life in New York as an intern on Wall Street. She's a bit naive, seems shy and quiet but Tyler(Mr Debonair) sparks a fire in her that brings out her sassy/rebellious side which in turn provokes Tyler's alpa-ness!

This novella contains just the right amount of angst, steam, emotion, and character info and I felt it was a perfect intro for what I know will be a great series by Jani Kay!

Me parece que le falta más "acción o drama" para ser una primera parte... pero Sinclair es todo Alpha, eso se agradece y no está nada mal. Quiero leer el próximo y disfrutar más de Tyler.
