DIY Dog Grooming, From Puppy Cuts to Best in Show: Everything You Need to Know, Step by Step

Jorge Bendersky

You can often tell how healthy a dog is by the appearance of its coat. Grooming your dog regularly offers clues to her health: It nips potential health problems, like allergies, poor nutrition, parasites, or diseases, in the bud--or at least gives you some early warning about them. Grooming also makes your dog (and you) comfortable socializing whilst also stopping the spread of dirt, fleas, and germs. You can conveniently groom your dog in the comfort of your home. But perhaps the biggest benefit to grooming your dog yourself is strengthening your bond with them. *DIY Dog Grooming, From Puppy Cuts to Best in Show* by **Jorge Bendersky**, and foreword by **Cesar Milan**, will show you how to take the best care of your dog, regardless of breed, temperament, or age. Practical step-by-step photos will take you through everything you need to know to bathe and trim your dogs, plus care for their nails, ears, teeth, and more. Learn how to train them to relax and enjoy grooming.

"While you can make excuses not to take your dog to the groomer, you have no reason to make excuses for not doing it yourself any longer." -Cesar Millan

Inside you'll find:

- Simple, step-by-step instructions for everything from bathing to brushing.
- Practical solutions to common problems like fleas and ticks, dirt and mud.
- Creative suggestions for grooming a picture-perfect dog.

Judy Desetti says

Great book! I will probably need to buy this one. Lots of great info about caring for dogs and grooming. Loved the photos! Grooming techniques were well laid out and described. This one will help me groom my three dogs!

Recommend. Great how- to book.

Crystal M says

This was a great book and a quick and easy read. The instructions are very clear and understandable and there are pictures to give you an idea of what he is talking about if you get confused. Also, the chapters are well-organized so it's easy to find any information you are looking for quickly. This is a great how-to guide.

Good overview

As a new pet owner it is reassuring to get more detailed instructions on things that left to my imagination would seem self explanatory but actually be done better

Learned so much! The pics of "how to" were a huge help. Great book!

Not sure why there are so many low ratings for this book on goodreads, but it definitely deserves 5 stars! This book is extremely informative and has lots of tips on things that can help make the grooming process more efficient and stress-free. Of course you can always Google advice on grooming, but it is really convenient when everything is compiled nicely in one book.

I really recommend this to everyone who has a dog! It is good to know at least the basics of keeping your dog in good shape and what to do when you encounter a mishap, or prevent one from happening. (grooming mistakes, things that can happen on a walk...etc)

Wish that I read this book before getting a dog, (2 years ago) it would have helped out so much more.

Great information!

I have wanted to learn how to groom my Shih Tzu's for years and finally have the tool to do so! The book is easy to follow and understand and explains exactly how to do things. Not only has this saved a tremendous amount of money, it gives me individualized time with each of my babies!

Thank you so much!!

Stefanie Girard says

This book is filled with all sorts of practical care for your dog as well as fun ideas to spoil him (or her) and have fun at the same time!

Any dog owner will find it a useful resource as well as inspire maybe a new look or hair (fur?) cut. :)

Sylvia Gordon says

If my dogs first grooming dog is a reflection of what I learned in this book, it was a failure. I assume I'll improve with practice
