Flora Harper isn't amused when her faery "gift" transports her in the middle of a self-induced orgasm to a professional football locker room after practice. The fact that it's the team she works for, and their new quarterback, Ian Tate, wants to finish what she's started, flies in the face of the non-fraternization policy.

Ian has been traded to a rival city so he catch a blackmailer red-handed. Time is against him, as are the number of injuries he's had in his career. It sounds like a great deal, except filming the Public Relations specialist in a sexually compromising position leaves a sour taste in his mouth. When he discovers that the PR person is emotionally distant, hard-on inducing Flora, getting a whole lot closer to her feels so incredibly right... until she finds out why he's really on the team.

Bagaimana bila anda di "Anugrahi" kemampuan SupranaturaL bisa ber-teleportasi kemana aja ?

Wuih, pasti asik banget dah itu....

In a blink of an eye, kita bisa berpindah tempat *dari* dan *ke* mana saja...

Ini nih salah satu kekuatan supranaturaL yang gw pengenin dari dulu, selain kemampuan Telekinesis tentu saja xD

Tapi apa jadinya bila kemampuan supranaturaL yang di miliki ternyata ga bisa di kendalikan sesuai dengan keinginan kita ??

Di saat di butuhkan malah ga bisa di gunakan, eh.....ketika ga di butuhkan, justru muncuL seenaknya !!

Dan parahnya....muncuLnya pun di tempat yg *saLah* !!!

Kebayang gimana ribet, repot, belum lagi moment2 memalukan yang harus di hadapi bilamana muciL di tempat yang ga di kehendaki ??

ItuLah yang di alami oleh Flora Harper, yang memiliki darah *setengah peri* dari Ibunya.

Konon kabaranya, para peri marah besar ketika ibu Flora kesemsem dengan manusia dan menikah dengannya.

Para peri pun memberikan "*kutukan*", setiap keturunan Harper akan *di anugrahi* salah satu kekuatan supranatural, hanya saja.....karena ini berupa *kutukan*, so....para peri sengaja ngasih kekuatannya yang "KW 3" alias ga "*semPruLna*" !!

Lah jadi ribet toh ??

Gimana engga ?

Ketika Flora lagi asik2nya nge-dildo, tiba2 "plooop"....dirinya di kejutkan dengan suara pria di hadapannya yang "*takjub*" menikmati *pemandangan langka nan vuLgar* yang terpapar di hadapanya ! xD

Rupanya Flora *ter-teleportasi* ke ruang ganti tim football di stadion tempat dia bekerja, jauh dari rumahnya !!!

ItuLah awal perkenalan Flora dengan Ian Tate, salah satu pemain belakang dari klub Football tempat di mana dia bekerja.

Edan, kebayang kan gimaan maLunya Flora ??

Dengan perdebatan lucu, akhirnya Ian mau juga "nyelametin" Flora dari insiden memalukan itu, tentu saja dengan "*syarat2*" tertentuLah....

Hubungan Flora - Ian pun berkembang baik, hingga suatu saat Flora tahu motif di balik Ian mendekati dia. Rupanya Ian sengaja di suruh pamannya untuk ngedeketin Flora demi menyelidiki dugaan pemerasan yang di tuduhkan di lakukan oleh Flora terhadap pelatih tim football mereka.

Ian di minta untuk bikin sex tape scandaL dg Flora untuk menjatuhkan Flora agar di pecat !!

Flora yang sakit hati pun menjauhi Ian, sementara Ian yang mulai menyadari arti Flora dalam hidupnya berusaha mencari kebenaran....

Well, ceritanya sendiri manis....singkat tapi manis.....

Mayan bikin "*kipas2*" juga sih xD

Tapi bahasa yang halus bikin semuanya lezat untuk di nikmati.... xD

Started off interesting and was a good read. I kind of wish there was a lot of groveling on Ian's part since he did wrong FLora in the most horrible way.

Do I yet told that Ms Watts is an exceptional writer ? This series is fantastic, the characters are vibrant and amazing and too cute, sexy, beautiful....

Poor Flora ,her ability can be sometime a bit awkward not though when she meet Ian, the true love of her life. Lies, misunderstandings, mistakes makes their relationship difficult, and don't helps that Ian don't trusts her, but true love always win. Just a bit troubled this story but also passionnal and romantic.

Walo buku ini katanya masuk kategori ero, tapi ntah kenapa gw suka ma jalan ceritanya, tidak berkesan berlebihan seperti buku" karangan Gena S. yg bikin gw pusing pas bacanya. Mungkin krn buku ini cenderung ringan alur ceritanya, jd bukannya memberi kesan ero, malah jadinya kocak selama baca, serasa nntn film drama percintaan Hollywood ja, krn alur cerita dan tokohnya mirip. Sepertinya gw suka dgn series ini. Ringan dan menyenangkan. Thx ya jeung Videlia atas kiriman ebooknya ^^

As half-breed faeries, the Harper siblings all have “faerily imperfect” powers. For Flora Harper, hers becomes particularly embarrassing when she’s transported into the middle of the Gladiators’ locker room. And if it weren’t bad enough that she found herself and her vibrator in the middle of the locker room for the pro football team she works for, Flora is caught by Ian Tate, the team’s new quarterback. The sexy footballer is the first man who tempts Flora to go against the team’s non-fraternization policy.

Ian Tate knows that after multiple injuries, his football career is nearing its end. But when he’s transferred to the Gladiators in order to catch a blackmailer, Ian is all-too-happy to take the opportunity. The only part he’s not too thrilled about is that he has to film the person in a sexually compromising position. Things get worse when Ian discovers that the Public Relations exec rumored to be the blackmailer is Flora Harper. Flora calls to Ian in ways he’s never before felt, but can their burgeoning relationship be saved when Flora discovers why Ian was brought on the team?

A very aggravating gift makes for the sexiest of opportunities in this wickedly hot story by Mia Watts. *Faery Surprising* is an entertaining installment to Ms. Watts's erotic fractured fairytale series. Flora is quite often all work and no play, so I was eager for Ian to get her to loosen up. As for Ian, he may have been drafted to do some underhanded investigating, but he's a good man at heart. These two complimented one another perfectly, which is what makes *Faery Surprising* so enjoyable.

While it's the second book in the *Faerily Imperfect* series, *Faery Surprising* stands on its own. For those who enjoyed the first book, *Mind F*cked*, you do get to visit with Sage and Joe, which was a treat. And after meeting Flora's other siblings, I am incredibly eager for their stories. By turns erotic, funny, and romantic, *Faery Surprising* was a delightful read.

Faery Surprising starts off with a very funny scene where Flora is using a vibrator. She talks to it, and it isn't any vibrator I've ever heard of. Probably because I don't own one and I'm not up with the latest trends in BOB material, but it blinks with fluorescent lights and plays a tune.

Even though Ian has a job to do by catching Flora in a less-than-good-for-her-career position, he finds himself falling for her. He vows to watch her in more ways than one. He asks himself if she's playing a game too—one where she plans to have him on charges of assault, or that she plans to blackmail him. Despite his worries, he doesn't seem to care about the consequences. Something about Flora has him all over the place, and if she is playing a game, well, he'll play along too, just so he can have her.

Once his secret's out via big-mouth Bobby, Ian has to convince her she's not just a fuck to him—he has his work cut out because she doesn't usually have relationships. She fucks, she leaves, she moves on. Ian's job is to slow her down and get her to accept he's telling the truth—that he wants her for real, for good and not just because he was asked to catch her in a sexually compromising position—but she's used to men using her with an ulterior motive in mind. Having someone like her for who she is and not what she can give them is alien.

Faery Surprising is full of those great scenes where when the characters have sex, everything in the world is okay, everything said is believed, but when the cold light of day arrives, doubts creep in and the main characters start thinking things maybe they shouldn't. Trust needs to be built, and a couple of scenes in the book make you wonder if they can ever be together. When Bobby lets the cat out of the bag, I could have strangled him. He comes across as a total jerk, uncaring of hurting Flora with his revelation, and poor Ian has to try and explain that although him being with her started out as nothing but fun, it's more than that now. Plus, he has to convince her that he believes her admission—that she's a faery.
