## **Fighter Boxed Set** Scott Hildreth

Tattooed alpha male boxers who ride motorcycles and eventually fall in love. Need I say more? The Complete #1 Best Selling "UN" series in a boxed set. Each book is full length - over 60,000 words each. Over 4000 reviews as individual books, with a four star Goodreads average. This series has the best of heart warming HEA's.

Book 1 Introduces us to two boxers, Shane Dekkar and Mike "Ripp" Ripton. Shane is a savage in the ring and on the streets, but a sweetheart in the presence of women. When he meets Kace Meadows, he believes it to be fate.

Book 2 Mike Ripton takes the reigns as a bare knuckles fighter and a sexual deviant. His sex-capades become more focused when he meets "Vee", a Federal Attorney.

Book 3 continues to follow the life of Mike Ripton as his girlfriend Vee defends him in a trial for murder.

Book 4 wraps up the lives of Shane, Mike Ripton, Kace, and Vee in a HEA bow.

"What a perfect conclusion to an amazing journey. I don't dare say ending because for me, this story will never end. This is a story that will live forever in my heart. I have loved every single word." - Goodreads review by Jennifer

"I love the characters in this series, but most importantly, I love the life lessons between the pages. At the end of each book, you always get the satisfaction that you finished a really good book but at the same time, you learned something that you get to keep for the rest of your life." -Goodreads Review by Bing

"This series has to be one of my all time favorites and the way he wrapped up this story will surely not disappoint!" - Goodreads Review by Francine Petro

"Scott Hildreth has written a beautiful ending to Shane and Kace's story. I'm so glad I stumbled across him and his work. He is fast becoming one of my favorite authors." - Goodreads Review by Robin

"When I read from Shane's POV I feel his calm demeanor. His internal peace and soft speaking. When I read from Ripp I feel his rowdy, boisterous behavior that makes you fall in love with the character. This shows the skill of the author. He knows how to separate the character personalities, making each an individual." - Goodreads Review by Sara

Wow Shane is one intense hot alpha man. Rip is one crazy hot alpha man. Vee is one intense hot to handle attractive woman. Kace is one interesting complicated woman. I could not put this box set down. Loved all the couples. The strong family bound's they had with each other. What an amazing family they made for each other. Must read.

#### **Wow, just Wow!**

This series grabbed ahold of me right from the start. I didn't want to put it down until I was done. Get ready for an emotional roller coaster. Every step of the way it felt like you were there with them. It felt like you are part of the family. I don't think I can explain the emotions you go through when you read this. I think it would be best for you to read to see what I can't explain.

#### **Scott Hildreth has done it again**

This boxset was amazing reading. It shows that it doesn't have to be blood ties that lead you to a family. Friendship and love are what makes us stronger and help us to face what is in front of us whether it is good or bad.

The COMPLETE BOXER EROTICA SERIES FOR LESS THAN ONE BOOK. ONLY \$3.99 for the COMPLETE SERIES.

A \$12.00 savings.

The series came full circle with book four. Everything in the previous three books made so much more sense with the addition of book 4.

What else can I say other than this series, for me, was about as good as an erotica series can be. Great characters, great growth, great sex, great ancillary characters, and great memorable scenes.

A true must read series if there every was one.

I sigh thinking of this series. So many GREAT characters! Shane and Kace, Ripp and Vee, A-Train, Ripp's family and a host of biker/boxer friends that move this series along with love, some tense moments, hot sex (OMG) and as always LOTS of Author SD Hildreth's life lessons to take away from this whole series. You are left with the warm fuzzy feeling in the end, but don't think this is a fluffy series. IT IS NOT! You will go through the whole roller coaster of emotions before the series is through! Scott Hildreth did an amazing job on this series! Outstanding! Yes I \*sigh\*

Frankly I was flabbergasted when I saw that The UN-Series was going on sale for \$3.99...

MY JAW DROPPED ONTO THE GROUND...

Time could well have stood still ;)

I mean seriously... Less than 99pennies per book, for a  
Steamy hot, funny, gripping, emotional, intelligent... I don't think I could run out of adjectives to describe this series...

IT. IS. THAT. GOOD!!!!!!

A Shane & Ripp SIZZLING READATHON (not to forget Kace, Vee, A-Train, Bug... Etc etc).. All wrapped up in a neat package with a virtual bow... Or ahem with some rope maybe ;)

This series is PRICELESS!!

Grab on to it with two hands & DO NOT LET IT GO! It seriously will stay with you forever...

That is all :)

One of the Best fighting series I have ever read!!! Not only to you get an in-depth look in the fights but what the fighter also goes through in real life... When you buy this whole series take a few days to get through the series you are not going to wanna put it down!!! Shane is where this series begins and ends!! Everything comes full circle! Shane leaves the only home he has ever known Compton CA for Austin TX to train with a gym after his only trainer/manager of his career passes away his grandfather... Not only does Shane ride in on his Harley but he also fights as soon as he gets to the gym against Ripper the meanest man in the gym!!! Ripp is also undefted in the ring well until he meets Shane!!! Everything blossoms from that moment on.... AMAZING SERIES!!!

#### **About 4 Stars**

It's difficult to rate and review a book that is actually 4 books in one. Other than feeling like the author tried too hard to make points and the editing needing work, I really loved the first book - Undefeated. Shane and Kace are great. I feel like Shane does about sex, and that's a hard belief to come by these days.

I like Mike better than I did previously. He's a funny and loyal guy with mostly good morals, and I'm disgusted by his former manwhorenness. I think it was weird to read from Barbee's point of view, and it was so gross reading the outside of the relationship sex, especially the oral sex. It's way too intimate for a one night stand or casual relationship, and I hate sex in books between a main character and a random person. It makes me unable to enjoy the sex scenes between the two main characters together. It means less. I don't expect the characters to be monks in the past, but I do expect to not have to read any of it. The detailed oral sex between Mike and Barbee really bothered me. It was unnecessary and didn't belong in a love story between Mike and Vee. I almost always stop reading when there's outside the relationship sex, but I love Scott Hildreth's books.

#### **So much more than I thought it would be**

Not just a f\*coking and fighting book. It's a book about building a non blood family, morals and conscience. Loved every minute and sad to see it end. Worth more than 5 stars

One of the best sports/boxer/fighter series' out there, the "UN" series introduces us to Shane "Shame on" Dekkar and Mike "Ripp" Ripton.

This series is romantic, erotic, and hilarious. With over 4,000 Goodreads reviews, and a 4 star average, how can you go wrong?

Book I will bring tears of joy to your eyes, Book II has some of the hottest sex the author has ever written, and Book III is a fast paced roller coaster. Book IV wraps up the series in the happiest of HEA's.

The books can be read as stand-alones, not leaving you in a funk and feeling you MUST read the next book immediately.

But what a series this is, and what a price.

Two weeks, better get started.
