**Stephen King:** "Me incluyo en la lista de entusiastas seguidores del autor. Christopher Smith es un genio de la cultura popular"

## **Descripción:**

La oveja negra de un multimillonario neoyorquino es sorprendida en el lugar equivocado en el momento equivocado.

Una asesina a sueldo pone en duda su sensatez cuando se enamora del asesino a quien debería matar por encargo.

¿Qué sucede cuando los caminos de las dos mujeres se cruzan? Caos. Muerte. Amor. Venganza. Y redención.

En este intenso relato de 35.000 palabras, las dos mujeres coinciden por primera vez en una trama explosiva que amenaza la vida de ambas, particularmente cuando una de ellas no sigue sus propias reglas y comete el error de enamorarse.

Pronto descubre lo que siempre se había temido. Cuando se trata del verdadero peligro, nada más peligroso que el amor.

**Nota:** "Desde Manhattan, con amor" puede leerse separadamente como un relato corto de 35.000 palabras. Es apasionante e intenso, perfecto para matar el tiempo si dispone de unas horas.

**Su continuación, "Desde Manhattan, con rencor" es una novela de acción ahora también a la venta en español.**

### **Trish Bodine says**

Excellent series. Thank you, Christopher Smith! This is not a genre I typically devout, but these were well written with just the right amount of suspense.

---

### **Vicki says**

I was somewhat disappointed that this was released as a novella instead of a complete novel, but other than that, it was another great read by Christopher Smith!

---

### **Adrienne Testa says**

Assassins Carmen and Alex ,are each hired to kill the other. Instead they join together and kill the head of the syndicate. Alex proclaiming his love for Carmen. It takes awhile for Carmen to love freely. Its a story of the rich using assassins to move up in power, money and into elite circles.

### **Janice says**

I really enjoyed the first book of this series - the second book not so much (too much obsession with underground sex clubs). This novella started off well - but to me it didn't finish - there were too many characters. I wish the author would have focused on just one plot line, and other than the beginning he never did mention Spocatti's character again. To me - this should have not been a separate book but the start of the 4th one.

### **Donna says**

Was very short, but was glad to see two characters from a different author coming back into play, leana redman and mario, Christina Ross author off unleash me series can't wait to read on

---

### **Andrea Miles says**

I enjoyed this a lot more than the previous two, being a novella it wasn't as wordy but the characters seemed a little less two dimensional

---

### **Linda says**

It was very good but I think I was supposed to read two other books first...oh well!

---

### **Bonnie says**

hard to believe the tale. I enjoy the writing style of the author. this could have been longer tun a novella.

---

### **Nicki Brøchner says**

#### **Well on a positive note, it is short**

This novella has two things going for it. The story is short and therefore more to the point, and therefore more of a page turner. Secondly the characters seems more believable and without clutter. But I don't think that New York has ever been bombed as much as it is in this series.

### **Shirley says**

This series was very well-done, and a quick read. I did enjoy it immensely and can't wait for the next book. This book in particular was a novella (alot smaller than the other two).

---

### **Liquid Frost says**

Just a quick little read. Good if you have read the previous two books.

---

### **Elaine says**

Page turner, but what does Mr. Smith do. Great book, a must read.

---

### **MevC says**

Too short! I want more!

---

### **Darlene Ferland says**

Another great adventure by Christopher Smith. His characters become real in the pages of the story. My only disappointment was that the ending came too quickly. I could have stayed in this book a lot longer. As in Fifth Avenue and Running with the Bulls, Christopher Smith's storyline and characters are so believable that the reader is immersed in the action and it is a shock when you arrive at the final page. . . I can't wait for the next installment!

### **Robert Bannon says**

great pacing. grabs your interest immediately and never lets go. Great entertainment. Just try the first page and stop reading - it's like trying to only eat one chip....
