## **Man of Mystery** L.B. Wilde

Brandy Whine is from a small town where for most of her life she has been picked on just because of her name. She has never had high self esteem, wanting out of small town living. Leaving her loving family along with the family business she heads to the city to start a new career.

Nathan Porche is from Australia with life handed to him on a silver platter since his family owns a multibillion dollar company. Even though he can have whatever money can buy, something is missing from his life. His affluent family who has been manipulating his life has driven him to take matters in his own hands. Deciding he needs to find the missing puzzle to his life he starts his own company with his best friend Denny. Leaving Australia and coming to the USA is where Nathan and Brandy's destiny begins.

A chance meeting has brought them together and the magnetic pull is felt between them. Brandy has no experience when it comes to boyfriends because she was very shy. She never thought a gorgeous man like Nathan would ever be attracted to her. When Nathan first saw her he knew she was different, he couldn't explain but felt compelled to find out. She was everything his family was not. Her innocence to the wealthy side of living only drew him closer to her.

Their summer together is a dreamy erotic romance with passion that is beyond what either of them ever suspected would happen.

Nathan and Brandy's romance leaves you wanting more of what they have to offer each other in this trilogy series. They will draw you into their lives as they struggle to keep their relationship alive when others always want to interfere.

## ♠ Becka & Cerys ♠ | Spitfire Reviews says

More than anything with this book, the issues were editing and language use. PLEASE proof read before publishing. The language throughout was stilted and it didn't flow, even on the first page there were errors in typing and grammar. It could have been a fairly decent story given a little more work however, it just didnt do it for me.

---

## Nicole says

This book actually made my head sore! This author was obviously confused throughout writing this novel as she continually switched between 1st and 3rd person. I did, he did, they did, brandy did. Then randomly there will be a mention of what another person in the room is thinking regarding them. Just awful not worth the struggle to read!

---

## Celly Cel says

horrible! i tried so hard to get into it but couldnt. horrible grammer. i was so confused, i didnt know whether it was being written in the third person or not.

---

## Lauren-Sophie says

I don't know where to start.

This book is HORRIBLE!

The storyline was ok (the only good thing!).

The male lead (I already forget his name) was too weak. He is the "anti"-alpha guy. And I hate those kind of guys.

But the worst thing were the grammar and spelling mistakes!

I'm definitely not an English expert but L.B.Wilde just a really weird point of view.

Acutally the story was told in the thrid person, but everytime she wrote about two people she used "we" and "us".

e.g. "Nathan takes both **her** hands in **his**, turns his head slightly to try and see **her** eyes again. **We** lock eyes again, with a grin he says[...]."

She used way too many exclamation marks and not enough commas.

I can't recommend this book to anyone.

**Juli Hall says**

First off ...it was a good story. Only negative was bad editing, it got really distracting at times and I seriously almost quit reading it many times but I'm not a quitter. Better editing next time and you just might have a 5 star read.

**Destini Brown says**

Amazon freebie 5.29

---

**Kim says**

I didnt like switching between 3rd person to present tense. Felt like I needed grammer lessons again. I finally just read in present tense in my mind read alot smoother that away . I felt that it had poor editing or something as it reminded me of a kids school paper with all the go between . not good

---

**Veronica (Roni) says**

Some grammatical errors, but overall was a GOOD quick read.

---

**Kathleen Peña says**

I enjoyed the storyline and would have given it more stars if it wasn't for the grammar and errors. Thank god the book was free or I would have asked for money back. Too many punctuation errors, run on sentences, spoke in third person and first person in the same sentence. Totally confusing. I might read the next one if these errors are corrected in the future.

---

**??👉?????🌸🌸?!?? says**

I seriously don't know why I gave it 3stars SMH. All I can say is that the storyline is good not great but good. If you are able to really grasp the story then its good. The downfall to this story is soooooooooo many mistakes. I could go on but no. My expression is like does the author even know about all the mistakes to this book. Whatever happened to proofreading .

I would say that I'm looking forward to Book 2 but without all the mistakes.

---

**rachel says**

i thoroughly enjoyed this book theres quite a few spelling issues but other than that a good love story not sure if theres another book to follow as the ending suggests there should b

---

**Jeanette Book-Reviews says**

3.5 stars

---

**Erica says**

This book is so bad I couldn't even finish it. One sentence will be in both first and third person with numerous grammatical. errors throughout. I do not recommend it to anyone.
