## **Midnight Rain** Jettie Woodruff

You walked with Makayla through her story. You know where she came from and how she became the person she is. You laughed and fell in love with Pea. You watched the pain and sorrow of life, but you also watched a little girl blossom into a beautiful morning rose.

You witnessed the love and connections between this little family, and learned first hand, how strong they really were.

Midnight Rain picks up where Black Rain left off. What happens AFTER the happily ever after? Better yet; what happened before the story ever began?

How did Blake grow into the man you met in Black Rain? What comes next for Mikki? Will true love prevail, or will the past haunt the future? Not only will you feel bumps left in Mikki's life, you'll also feel the ones Blake must hurdle in Midnight Rain.

## From Reader Review Midnight Rain for online ebook

### Nikki Reeves says

Just when I thought Jettie could not break down my emotions anymore... yet again I was proven completely wrong. When Black Rain ended I literally sat there in shock with my mouth hanging open. I yelled WHY JETTIE did you do this to me?? Be prepared for a story that will tear you down only to build you right back up.

For those who haven't read Black Rain, please read that before you read this. You have to see what happens at the end. Midnight Rain immediately picks up where BR leaves off. There were so many times in this book I wanted to pick Mikki up and smack her or slap her around a few times while screaming WHAT ARE YOU DOING WOMAN?!!!!

I still am completely and totally in love with BLAKE!! But I also wanted to slap him a few times too. If Blake and Mikki would have actually sat down and discussed things like adults a lot of stress and hard times could have been avoided completely.

Pea is still the BEST book kid ever. This little girl has stolen my heart completely. The things she says and does will literally melt your heart. She made me laugh so many times. Honestly how can anyone not love Pea... she is a PRINCESS LIKE A BOSS!!

Be prepared to CRY and CRY oh and CRY in this book. It's a very emotional journey for Blake and Mikki. One of my favorite parts was learning about Blake's past and how he became the man he is today. Of course Mikki had a lot to do with that but also Blake had to realize a few things along the way himself. I really loved this series and I look forward to more from Jettie... she is a BOSS!

### ? mary says

WITHOUT A DOUBT THE worst second part novel I read ... it was pretty disturbing how the heroine kept asking details about the intimate relationship her man used to have with her dead sister.

I'm not sure where that twisted perversion is all about but Woodruff seems to consider that sharing a man is the ultimate thrill for sisters !!

WAY too depressing and sick for my taste though...

enjoy it if that's what romance is to you I'll regret having read it for sure  
cheers

### **Aleatha Romig says**

I recently read Black Rain, book #1 of this duet, and I loved the ease and fun of these characters. I couldn't wait for Midnight Rain, and let me say, I wasn't disappointed. Jettie did a great job staying true to the characters. This is fun, it's sexy, and let me say...HOT! Blake is one hot man! The entire family dynamic is fantastic! Another 5 star read! Start with Black Rain and then read Midnight Rain. You won't regret it! By the way, they're on Kindle Unlimited. So if you have that, you can read for free!!

### **Laurrie Leonard says**

What a great conclusion to this family's story. I love how Jettie develops characters so that you want to know so much more about them. She gives you that too. I love how she wove the past with the present so you got to see how much Blake loved Janie but also Mikki's insecurity over that love. Pea as always stole the story. The things that come out of that kid's mouth never fail to make me laugh out loud. Another great Jettie Woodruff book.

### **Sheila Howell says**

Where do I start with one of the best books you can read this year. The story continues for Mikki, Blake and the priceless Pea. Jettie Woodruff has done it again. Get ready for all your emotions to be gutted. You will cry, you will get mad and you will laugh. She pulls all your emotions from your gut. I am not one to cry in books but I did with this one and Black Rain. Jettie makes you feel you know this family and you have went through all their turmoil with them. I don't do spoilers just trust me you will not be disappointed. If you haven't read Black Rain read it too. There are no books like these two. All I can say is Bravo Jettie Woodruff and keep doing what you do best.

---

### **Philomena Callan Cheekypee says**

If you haven't read Black Rain stop what you're doing and go read it before you read this book as this continues where Black Rain ends.

Mikki and Blake's story continues. Their story is an emotional one. I love how Jettie can portray her characters so real and these characters are no different. They frustrated me, had me in tears and also brought laughter to my life. This book had me on an emotional roller coaster.

This is another fantastic read by one of my favourite authors. I love all of Jettie's stories that I've read so far. Looking forward to reading more. Loved it.

### **Olga says**

My only regret after finishing this book is that I didn't take longer to savor it. Before I knew it it was over and that is not something that makes me happy at the end of a great book.

It was amazing watching Mikki, Pea and Blake after the *happily ever after* and I loved the flashbacks and getting to know Janie.

Now all I want to do is pick Black Rain (Let it Rain #1) up again and do it all over. This demands a re-read and I'll do just that ASAP.

### **Shabby -BookBistroBlog says**

Jettie's finest creation to date - London Pea Jane Coast stole my heart. She's pure and innocent and naughty and cherubic

HER is Perfect

Mikki And Blake coming together is stroke of Destiny, to begin the healing process for the entire family. All the threads are woven into a tapestry very skillfully.

A MUST read .

You'll fall in love with the Princess Like A Boss Pea and Mikki is very wise and gracious. After Mack, this is my favorite book by jettie .

### **Antoinette says**

OMG Jettie is a writer like a boss!!!!!!!!!!!!!!

I did receive this book as an ARC and am very grateful I got to read it without waiting to long. I loved Black Rain and could not wait to read the rest of Mikki and Blake's story. The story is so wonderfully written and you just love all the chapters. There were times when I wanted to throw my kindle at either Mikki or Blake's head for both being stupid. What a great book. And OMG the best chapter is Pea. She will steal your heart and make you laugh. If you do not love Pea there is really something wrong with you. And as a bonus there is Drew and Morgan. \*sigh\*.

You must read these books as always Jettie never disappoints

---

## **RelentlessBookChic Ramblings & Reviews says**

So you have read Black Rain and where that ends Midnight Rain begins. More truths are told in this story, healing has begun and now they are just striving to become a real family. It is emotional and raw, a book you will not only read but feel.

I love that as these books go one we see growth in the characters. I love that Mikki (Makayla) is shy and demure because she is also a firecracker when she needs to be. I am forever endeared to Pea. She is the awesome little womanchild who reminds me that we should have faith like that and love so unconditionally.

Jettie's books are well written, her characters are as real as they come by, the plot is on point and again watching these characters grow like they have is what has kept me so engrossed in the book.

Relentlessbookchic Approved & Recommended

## **Jettie Woodruff says**

I love these peeps, especially Pea. Best book kid ever.

---

## **Charlie ☆ WLTB Blog ☆ says**

Loved this book total in love wit Pea and that ending with her letter to Santa i was laughing so much they bit with she says Mikki's don't like doing taxes at grandma's house ha ha such great reads

---

## **Sharing My says**

If you've read Black Rain, you will love this book. Midnight Rain picks up where Black Rain left off. It is still full of the adorable Pea, who is still a princess, like a boss. Mikki and Blake grow even closer together as they reminisce about Pea's mother and how Blake met and fell in love with her. They deal with Mikki's fears of having the same illness her mother had, and being afraid to go to the doctor to find out. This family has such a strong bond, that nothing can tear them apart. Not the past, nor the future. They are three "peas" in a pod.

---

## **Brandi Reeves-Pearson (Saints and Sinners Books) says**

Just when I think Jettie couldn't make me feel this way about another book, she takes me on another emotional journey. Midnight Rain picks up right where Black Rain ended. There were so many times I was literally hanging off the edge of my seat. I had no idea how this story of Mikki and Blake would go or end. I loved getting to know more of Blake's past and I got to see more of him and who he was as a person. I loved Mikki but at times I thought she was being selfish. Don't get me wrong, she was doing what she thought was

best. There were times I cried, yelled, and laughed. Pea is my ALL TIME favorite book kiddo. Gah that kid cracks me up and will put a huge smile on anyone's face. I absolutely loved this book and I cannot wait for more to come! Awesome job Jettie! You rock!
