## From Reader Review Paper Girls #17 for online ebook

### Sara (A Gingerly Review) says

I'm running out of the right words to exprsss how much I am enjoying this.

---

### Nay says

Edited this review. I like this much better upon second read. The time jumping war between factions is coming to a head on Y2K and it remains to be seen whose side our heroines will fall under.

---

### Adam says

After being in the dark on what the hell is going on, the Paper Girls finally get the answers they've been searching for. Another fun, quirky issue.

---

### Nazl?han says

"She's my wife" :O

---

### Bree Hill says

I? just want to lay on the floor and scream!! It can't just end like that. WTF!!!!!!!

---

### Julio Bonilla says

“I have to get to my parents” — Tiffany.

An old lady with an iMac? Now there's something you don't see everyday! The search begins for Tiffany in the year 2000, Y2K. Plus, Tiffany meets her future husband, Chris, a goth.

\*I like how the comic begins with a quote from the year 2000!?

---

### Alexis says

### Ugh so good and short

Such a good comic, I could rattle on but it's totally worth buying... I own the first 3 volumes and I still buy all the issues.

---

### **Asia says**

This issue was insane! KJ and Mac! And how Tiffany looked at the guy in the end! I almost fell off my bed!

---

### **Rachel says**

Well that just took a swing to left field...so many unanswered questions!!

---

### **Carlos. says**

[**"Mac, when I grow up, I think I'm going to be a lesbian. I think maybe I'm a lesbian already."** YOU GO KJ!!!!!! (hide spoiler)]

---

### **Letande says**

*As a wise man once said... "Come with me if you want to live."*

Finally, a proper explanation of the most important things. Literally the most important issue for quite some tome, even though all issues of this comic are *very* important one way, or another. But this one is... well, you know. We're all waited for the explanation since the very first issue and here it is! Finally! Don't expect it to be *that* boring, though. A simple explanation? Nah, way too boring for **Brian K. Vaughan**. Add a two big plot twists for both **Tiffany** and the other girls, and that'll be more like it. The ending of this issue? *Ma-a-an...* Also, I *totally* loved the way **Brian K. Vaughan** wrote the **KJ**'s part. It looked so... casual, but it was so deep at the same time... Fantastic writing.

### **Xabier Fernández says**

---

### **Michael Ink&Magic says**

Why do they have to be so short. I want MORE!

---

**Clara Cortés says**

I LOVE KJ

---

**Hayley says**

Yay KJ! (Also, omg this whole issue.)
