Reckless 2: Nobody's Girl Keisha Ervin

After everything Farrah's been through, it's safe to say things are finally going her way. Her company, Glam Squad, has skyrocketed, and her career as a celebrity stylist has taken off faster than she can keep up. Partnering with her best friend London, she has styled and done makeup for multiple celebrities. The unstoppable duo is working hard and getting paid! On the personal side, Farrah is happier than ever. Despite everything Mills put her through, she made the right choice when she decided to give him a second chance. Mills has made up for all the lying and sneaking around he did behind her back, and he treats her like a queen. After months of bliss, he has made Farrah's dreams come true by asking her to marry him. On top of the world, Farrah is busy planning her wedding. Unbeknownst to her, however, Mills has been keeping a dark secret that will destroy everything if she finds out. Mills has been giving his ex-girlfriend Jade money to keep her quiet and take care of the baby she claims is his. He plans on taking a paternity test, but his busy schedule keeps getting in the way. In the meantime, he is doing everything in his power to keep Farrah from finding out he's cheated. Everything comes crashing down when Farrah finds out about what Mills has been up to, but she gives in to his begging and goes through with the wedding. Once they're married, things just keep getting worse as Mills keeps putting off the paternity test. He's been seeing a lot more of Jade and baby Jaysin, who looks a lot like Mills. Farrah, feeling confused and betrayed, decides to focus on her career. While on a business trip to Paris, she finds herself falling for a rapper named J.R. She still loves Mills, but after what he did to her, she's not sure their marriage will last. People always say you can't help who you love, but what happens when love gets all tangled up and no one seems to know how to set it straight? Will true love prevail, or will it break under all the lies?"

Belinda says

I was somewhat disappointed with Keisha Ervin's Reckless & Reckless 2. I wanted to read more about her and JR's life and their children. I do know he died. I needed more. Too much talk about her and Mills.

Michael Bell says

It took me about a day to finish this book. I am glad that I do not read these types of books on a regular basis. The author tries to make us believe that a BMX biker can afford an eight million dollar house and a new Mercedes for a woman that he is cheating on. One of the main characters has 500 suits and 300 pairs of shoes. A woman has unprotected sex on a second date. Sleeping back and forth with exes and a show down. So corny. Will not read any more books by this Author.

Mel says

It had been a while between reading the first book and the second. I started to remember a little as I read. But, it wasn't exactly hard to pick up. I take issue with certain things. But, Keisha Ervin is a great storyteller.

Black Carrie says

This book was good , I felt the characters did not grow only financially wise. Farrah deserved better & I wish she would have realized that instead of believing Khalil's lies >_</// I'm glad I finished the book though . . . It would have been my favorite if Farrah knew her worth sooner... Khalil was wrong to Farrah and his baby mother . . .

Whitney says

Not a bad read, a lot of back and forth....major love triangle.

Crissy says

This book right here was something else. My emotions were all over the place and once again I wanted to throat punch Farrrah, Mills and Jade. I loved how real London's character was when what needed to be said was said. I absolutely loved J.R's character and the ending of this book was one that left me with a smile on my face. It's about time Farrah made a smart decision. I look forward to reading more books from this author in the future and I definitely recommend this book if readers are looking for an urban read, but book 1 must

be read first.

Karlene Tolbert says

wasn't disappointed. good read

Shonta Washington says

Omoooooooooooo

I absolutely loved every minute of reckless so I knew part 2 wouldn't disappoint and that it didn't Keisha had me on pins and needles about who Farrah was going to choose but she chose the right man at the end great Keisha u did that

Teaguem2005 says

3.5 Nice wrap up of the saga. I have no idea why or how Farrah put up with Mills for as long as she did. This guy lied to her face (least of all) upmteen times and still she still accepted whatever he dished out.

I suppose her worth was always in question but still...There were several comedic lines. Good read. I enjoyed it

Ilene says

It was a pretty good book, but I definitely preferred the first one. Farrah reminded me of Dylan in material girl. Mills was a big asshole in this book and I really liked his character in part 1.

Tasha Milteer says

Keisha never fails.... I felt like I was literally reading about my own life sometimes.

K.Denae says

The story was ok. The editing was horrible.

Naisa says**Where is the old Keisha?**

It hurts for me to write this...

I have been a fan since back in the days....but I swear this book hurt my feelings. Good plot, good twists but did she really use a scene from Mina's Joint? Ms. Ervin if you don't want to write anymore then ok but do not give your fans sloppy work. The ending was trash and rushed. I expected wayyyy more from my favorite author.

Paula Thomas says**Wonderful**

Loved every minute of it. The plots and turns where both expected and at the same time surprising. Loved this book
