## **Reluctant Mate 3** Eden Cole

Alexi is asked to find the man responsible for creating a drug that makes humans into wolf shifters. Against his better judgment, he agrees. He's a jaguar shifter, and everyone knows there's no love between the two species. Alexi figures he'll get time to play with a piece he met not too long ago. He's not all that interested really, but what better way to piss off the haughty werewolves. To assist Alexi in his task, Lucas, their leader, calls in Jaren, his distant cousin and scientist. Alexi has never seen a more sexy, if repressed, man in his life, and the assignment has taken on a whole new direction. While he's searching for a werewolf that just might be stronger and more powerful than any he's met before, Alexi tries to convince the nerdy Jaren that he is definitely not straight no matter how much he protests!

Good but they never completed the mating. There was no biting during the last sex scene but they kept calling eachother mate...

Me gusta la idea de que haya creado un lobo para vengarse, y que haya tenido la fuerza hasta para aparearse. Buena serie

I liked the jaguar/wolf element in the story. I would have liked them to have mated in the end though.

I loved this book because the characters chose each other and then fell in love. It is a wonderful love story.
