Shifting Snows

Brynn Paulin

Shifting Snows Brynn Paulin

When photographer, Macy Lawson, climbs Mount Elbert to take pictures, she doesn't expect to come face to face with a snow leopard, an animal that shouldn't be roaming the Colorado Rockies, let alone the United States. The animal charges her, but Sorin Tavian appears out of nowhere to save her. He takes her home to escape a coming blizzard and introduces her to his partner, Danel and their friends Calin and Abel.

Soon, Macy discovers Sorin prefers to share his women with these men, and they all want her. Far from home and stranded in the wilderness, she decides to take the leap, live a fantasy and try out ménage.

But Sorin has a couple secrets he hasn't shared. He didn't save Macy from a snow leopard. He is the snow leopard. There's a strong possibility Macy's his mate, and if that's true, home will be with him and Danel, not in some far off city where leopards can't roam free.

Angie (Mind Malfunction) says

Shifting Snows is book #12 in the Phases Series, written by Brynn Paulin. Sorin and Danel are so hot and I loved them. I loved their relationship and the way they are together and the sex is hot, but not enough. Macy is their female mate, but I found her annoying. Actually, everything about is annoyed me and I wanted the wolves to eat her so the snow leopards could be alone and get it on. I know, the story is supposed to be a menage between 4 guys and 1 girl and then 2 guys and 1 girl, but honestly, the story would have been better without the girl. :)

Alina Neac?u says

"This was her husband. She looked over her shoulder and Danel kissed her. This was her husband too. Her protectors, her lovers, her men, her shifting snows. No one had ever been luckier, and as the three of them spiraled into release, she was sure, no one had ever been happier or as much in love as she was right now. And she'd only had to climb a mountain to get there."

Rebecca says

This is another well written short story from Paulin. With a quick-paced plot, solid characters all wrapped up in scorching hot sex scenes and a sweet HEA, Shifting Snows is a deliciously indulgent read. And I'm hoping there are plans to write more about the shifters in Tavian Leap.
