Adrienne Byrd

## **The Beautiful Ones** Adrienne Byrd

In a sequel to Unforgettable, successful businesswoman Ophelia Missler never had time to look for Mr. Right--much less find him. Now she's engaged to a wealthy entrepreneur and about to experience the wedding of her dreams. But for some reason, she can't stop thinking about her longtime best friend Solomon Bassett. She never suspected that Solomon has secretly adored her for years, and has been unable to tell her how he really feels. Now, with their friendship and future in the balance, Solomon and Ophelia will have to listen to their hearts and dare to follow, if they are ever going to discover an everlasting love.

## **From Reader Review The Beautiful Ones for online ebook**

### **Karen says**

This was a beautiful and most rewarding love story. Although I felt a little sorry for Jonas, I was still secretly rooting for Ophelia and Solomon to get together because their love was 25 years in the making and to me they made the better couple. Now in the next installment of the Unforgettable series, I hope that sassy Toni Wright and Jonas find true love...they both deserve and need it. Awesome read!!!!

---

### **Latoya says**

#### **I love it**

Still good to the very last word!!!! I love this series and I'm glad Solomon got it right and got his love story!!!! But this is not the end but the beginning of the Hinton Series!!!!

---

### **BW Diva says**

I really enjoyed this book it was a great story!!!! I was happy that Ophelia & Solomon finally followed their hearts!!!!

---

### **Kyra Gates says**

Wow! Where in the hell is the 10 button when you need one. Absolutely a great read.

---

### **Shh I'm reading! says**

Awwwww. What a pleasant surprise! The structure of this book reminded me of a movie or a TV show: a woman meets a man in an airport lounge and invites him to pour his heart out about the one who got away. A childhood crush, a perfect fiancee, and a beautiful woman. I wouldn't think that would work so well in print, but Ms. Byrd did a fantastic job developing a romance in flashback format. A breezy summer read and now I HAVE to look up the Hinton series and follow the brothers.

---

### **Tamara says**

I really enjoyed this book. It asked the basic question, do best friends make the best lovers. Jonas Hinton was a good man who believed himself to be in love with Mrs Right. Yet, I think deep down somewhere he knew that the relationship between Ophelia & Solomon was more than just friends. Their friendship ended up

being love everlasting.

### **Tqwana says**

3.5 stars. I loved the flashback structure and that it was being told from Jonas's point of view. Nice twist at the end. Also liked that Jonas wasn't made into a bad guy vs. a perfect Solomon. Both were flawed and I believe Ophelia loved them both, but in different ways. A few little things - sentence structure, word choice mostly - bothered me some, but not enough that it took me out of the narrative much. Also loved the set-up for Jonas's happy ending with his Ms. WRight...

---

### **Lauren says**

So this review will be full of spoilers....

This book had a great twist in at the end that took me by surprise. Overall I had to take a star away from the book, because there wasn't a lot of interaction between the love interests, although the flash backs were really cute. Also I just don't get why the characters couldn't be honest with each other for 25 years...seems very extreme and I feel bad they wasted so much of their lives.

I did like this authors writing though, and will look forward to reading other books that hopefully have a better plot.

---

### **Sharon says**

I enjoyed the Ophelia and Solomon's story. I was happy that Solomon and Ophelia ended up together. Even though I felt bad for Jonas. I have always been a fan of true love. Their love was a true love story even though they had not always openly admitted it to each other. Everyone around them was aware of their love. I thought it was a sweet love story. I am a fan of Adrienne' storytelling's style. I love love all of her books!!!

---

### **Malika says**

I went back for this one...in August '12 it was 2 ?..."Will they, won't they? By page 120, who cares! Just wanted to get to the end and call it done!"

Got to say now, I really liked this book on the second read!

---

### **Amanda says**

So, they've been best friends for 25 years, but she has never even heard of a couple that he knows well enough to be godfather to their three sons? That's ridiculous. She may have somehow managed to never meet

them, but to never even have heard of them in seven years?

---

### **Shawnette says**

#### A Beautiful Love Story

Ms. Byrd has done it, AGAIN! "The Beautiful Ones" is a brilliantly written sequel to "Unforgettable". I can't believe Solomon loved Ophelia for 25 years and she NEVER knew how he felt, talk about an unrequited love! Solomon learns of Ophelia's engagement to Jonas Hilton, another wonderful man, but is he the "Right Man"?!!!. As her lifelong friend, Solomon should be happy for her, but, how can he be happy when the ONLY woman he's ever loved is marrying another? Solomon wishes desperately that he had revealed his feelings for Ophelia long ago, but now he fears it is too late. And Ophelia should be thrilled, she is engaged to a wonderful man. So, why can't she stop thinking about Solomon? Does his feelings for her run deeper than friendship? More importantly, does hers? I thought Jonas was a good man and he was truly in love with Ophelia, but could he compete with her so-called best friend, Solomon?!!!! A wonderful love story.

---

### **Monica says**

This was a beautiful love story, a page turner to say the least. I enjoyed the characters and loved reading a little about Marcel and Diana from the first book. I would recommend it...:-))

---

### **°BeautiLovve says**

A really good series....

---

### **Kimberly says**

Loved how this story was told. The surprise for me was the end.
