Christina Montminy says

The story of Cade & Kylie has become my favorite of the series. Looking into a cold case puts Kylie in danger. Cade comes to the rescue because it's his father's case she's working on. Attempts on her life send them & bodyguard Sloane on the run. As they spend time together their feelings develop, but neither is sure nor willing to voice them. As things come to a head she realizes how much she loves him but she's not sure she can handle his life & she still has a secret that is holding her back. Can they figure out who's out to get her? Do they have a chance together?

Kerry says

3.5 stars. I mostly enjoyed this book, but there were a few rough parts for me. Mostly, I felt they played up Sloane's feelings for Kylie too much--especially given what is implied by the epilogue.

Awesome book

I love this series! And this book in particular was great! It was fast paced, suspenseful, romantic, and sexy. I loved the story and mystery and even the second or third time I read it, I didn't guess until close to the end who the bad guy was, it was that well written. If you like romantic suspense books, I definitely recommend this series and this book in particular.

CADE AND KYLIE

Almost thru with her studies, closes cold cases and still doesn't know not to tell anyone where you are, especially when you were almost killed, STUPID WOMAN. You must have fallen into clues for cold cases by accident. But she is smart, smart enough to fall in love with Cade, despite the threats and attempts on their lives they do make it through together. Another great story in the series.

Alina Neac?u says

I'm kind of disappointed about the female character in this book because it reminds me that woman are sometimes more stupid then man.

" "I thought we should meet," she said, still smiling. The kind of smile that lights up a room.

"Since Kylie and Cade said you'd be staying with me now that I've moved to Denver."

He lifted his eyebrows. "I am?"

She shrugged. "Until they are sure there won't be any more threats from Lucy Ramos or her men."

News to him.

"They said you'll be my bodyguard."

Oh, hell. Here comes trouble.

Again.

Elaine says

Reasonable follow on from the previous book. Likely those who enjoy Melody Anne, Elizabeth Lennox, Marie Kelly or Clare Connolly would enjoy.
