Unlocking the Past Grace Thompson

The third in the Pendragon Island saga series, *Unlocking the Past* is a nostalgic and enchanting look at 1950s Britain

Poachers and dealmakers, the Griffiths family have always managed to scrape by on the edge of the law – but times are changing in Pendragon Island.

As rationing finally draws to an end, the tight-knit community finds itself coming to terms with a new world in which social boundaries are being eroded and opportunities are growing for all.

Heartache remains a constant though, with Caroline Griffiths is trapped in a sham marriage to Barry Martin – and Rhiannon Lewis still mourning their broken engagement. Meanwhile, the close bond between Frank and Ernie Griffiths is tested first by Frank's growing involvement in a dangerous criminal enterprise, and then by Ernie's new ladyfriend...

From much-loved Welsh author Grace Thompson, *Unlocking the Past* will delight readers of Rosie Clarke, Diney Costeloe, and Merryn Allingham.
