A Place in the Sun

Michael R. Phillips

A Place in the Sun Michael R. Phillips

At almost twenty-one, Corrie has overcome the tragedies of her youth and made a name for herself as a journalist. Facing new challenges in Miracle Springs, including a secret that could tear apart her close-knit family, she must find a way to accept that sometimes the Lord uses difficult circumstances for good.

Lydia Carson says

Good wholesome book about a young girl and her growing family's walk with God.

Anita says

I actually listened to this on cassette while knitting. 12 hours.

Amanda says

Corrie is all grown up now, but the story is still suitable for many ages. Her adventures in this book will appeal to both boys and girls.

Yvonne Crawford says

love it

Roger Bailey says

The plot was simplistic and formulaic. There was the evil and greedy banker who foreclosed and otherwise oppressed the good and pure townspeople, but the good and pure townspeople won out anyway just because they were good and pure. Even so, though, that would have been enough to make the story mildly entertaining if not especially memorable, except for one big problem -- one very big and huge problem. What do you suppose made the good and pure protagonists so good and pure? They were so good and pure because they were a bunch of bible thumping religious fanatics. That is why the plot was so weak. The authors were not really very concerned about the plot anyway. What they were concerned about was beating the reader over the head with religion. That was offensive enough by itself, but some points of the religious ideology that was being pushed were especially offensive. It was extremely sexist for one thing. A constant theme throughout this preachy book was the preaching that the good and pure woman must always defer to men. In fact, a woman who was running for mayor dropped out of the race because she realized that it was the man's place to be the leader. She let her husband take her place. This book at least illustrates why religion is so oppressive. The world would not only be better off without that superstitious ideology called religion, but it would be better off without books like this that push such regressive ideologies.

Lee says

What a story of salvation. This book will get you thinking about your own walk with God. It is full of grace, forgiveness, love, and how you should treat others no matter how they treat you

Penny says

Another great story in this family series. I am enjoying these stories immensely. I love all the characters and am greatly looking forward to their adventures in the next book.

Ruth says

As Corrie grows up as with most series similar the books tend to lose a little something but there are still surprises on the horizon for Corrie Belle & siblings. Keep reading & keep enjoying each & everyone. They honestly are all quite similar in the way they read but new things happen in each book (some quite surprising)!!

Anderson8674 says

I enjoyed reading this book as it has some historical fiction and teaches good values.
