Bonded Sara York

Dear Author,

My soul ached for command and love, and I was lost. Until I met them. We'd seen each other at different times but it wasn't until the night I almost killed myself trying to lift more weight than I should that our worlds finally collided. What started out as lifting partners and movie marathons turned into weekend jaunts across the city and every free moment spent together, a tension building up between us that left me holding my breathe. I'll never forget the night He took control and shattered our worlds, morphing our growing friendship into something more. I used to tell myself I would walk this earth lost and broken forever, but I know now my soul was waiting for Sir and Pup to save me.

Photo Description:

A naked man tightly holds a chain wrapped around the necks of two guys on their knees in front of him.

This story was written as a part of the M/M Romance Group's "**Love's Landscapes**" event. Group members were asked to write a story prompt inspired by a photo of their choice. Authors of the group selected a photo and prompt that spoke to them and wrote a short story.

This story may contain sexually explicit content and is **intended for adult readers**. It may contain content that is disagreeable or distressing to some readers. The M/M Romance Group strongly recommends that each reader review the General Information section before each story for story tags as well as for content warnings.

Gift from Debbie :-) Thank you sweetie Merry Christmas with family, friends, love, happiness and laugh
Hugs *Happy*

Taintedskyee (Books Books&More Books) says

Usually I don't like MMM book but some stories are written so well that I can't help myself and this story was one of them. Each MC complimented the other, not even once I got the feeling one of them is just third wheel as the book was written so perfectly. It was a neat compact hurt comfort story and the author did a wonderful job. Wouldn't mind reading more about them and their lives now that they are staying all together.

Dina says

3.5 I really enjoyed this story. I didn't want it to end. I guess that's not really a problem. Thank you Sara York for donating this great story

Deborah says

Despite the fact that Chris wasn't totally happy or satisfied with his relationship with Philip it's still a blow when Philip breaks it off, especially considering that after three years Philip leaves a note for Chris to find when he returns from his business trip.

Chris struggles to cope, not eating properly and spending way too much time at the gym, exhaustion is the only way he can get any sleep. It's at the gym where he meets first Greg and then Liam could Chris find what he's looking for with these two, could he fill the gap and find what he's been missing.

This book isn't without its faults, I can't mention some without spoiling it but the main one for me was that it was just too short to deal with the issues raised but I liked the guys and I liked the story I just wanted more.

Janie says

I'm famous for reading some ménage stories even though I don't like them, but I have to say that Sara York did this story up beautifully. I truly loved it. The connection between them individually and as a group was just amazingly sexy. The angst was heartbreakingly real but at the same time it was the backbone of the story. I recommend this book to all who love ménage and even those who don't, it's definitely worth the read.

This was a really good story and really sad at times. Chris Edwards was really heartbroken his live in lover left him Phillip didn't even tell him to his face he broke up with him in a note. I wasn't sure if I would like this book as much as I did I thought that because it was a short quick read I didn't think it would be so emotional. Although I must say this cover was hot. Greg sees Chris and can tell that he is overexerting himself and losing weight and offers to help him. Chris meets Liam and finds out that Liam and Greg are in a relationship and are willing to Chris to help him through his troubles. This was a hot mmm ménage with Greg and Liam being in a master/slave relationship. I really felt bad for Liam we as people let are past shape are future and sometimes parents don't realize how much damage they do to their children. The author of this book got it right with the emotions of each of the MC's this book was well written and I wished that it was more the sex scenes were hot. I am looking forward to reading more of this authors work.

Riayl says

[This wasn't for me, I suppose. I didn't feel a connection between the characters for one thing. For another, I am a cutter and I am always leery of people writing about self-harm. Most of the time, at least in the books I have read, they end up making us sound like we are psychotic, or one small step from it. (Shut up...I know some of you are laughing, I'm not *that* crazy...yet. *wrinkles nose*)

I have n

Optimist ?King's Wench? & MANTIES Champion says

I like a ménage story. I know they aren't everyone's cuppa, but I'm of the opinion that there is no such thing as too many cocks. I think Ms. York portrayed the intricate dynamics of a triad relationship, especially a burgeoning triad relationship, well.

Liam is frisky and uninhibited. He tempts Chris every chance he gets. Chris is instantly attracted to Liam as well as Greg, though in different ways. Greg is authoritative and speaks to a part of Chris that he doesn't understand. Chris is also fresh off a break up via post it after a three year relationship.

So wrong we need a new word for wrong.

Where *Bonded* went off the rails for me was the kink. The kink is... odd. Parts of it seemed like it was going in a domestic discipline direction and other parts seemed like it was leaning towards a TPE relationship. I couldn't make heads or tails out of it. Liam and Greg are already established, but when they fold Chris in there was no negotiation, no discussion of limits or rules Greg just took over and started issuing orders. My other quibble is with Liam. Liam has issues which need to be addressed by a professional. I'm not saying that the structure of a DD or TPE relationship couldn't be beneficial, but not in and of itself. It leaves me cold when BDSM and its curative effects are overestimated.

Ms. York did a good job sticking to the prompt and my thanks to her for participating.

Zainab says

Greg, Liam and Chris <3
I wish I could read more about them :/

Rachel Emily says

I really enjoyed this! And I agree with the others who say they want more...I'd love to see where the three of them are a year from now. Thank you for a great story!

Katrina Passick Lumsden says

There isn't even really a story here. I mean, there's no resolution other than Chris agreeing to live with Liam and Greg for a year. All in all, pretty empty and pointless.

Catherine says

Oh. My. FUCK.

That prompt picture is the stuff of legends. LEGENDS, I tell you. *golf claps to whomever submitted that photo to the LL event*

I also *loved* the prompt that York chose; it's not often that I read books or stories about established relationships, and even more rare that we get to see a glimpse into how that relationship might change with the introduction of a third person. Will it bend? Will it break? Will it become something entirely new and different? I just don't knooooow (and that's part of the allure)!

Overall I thought the story was solid. It was well written and well edited, the characters were men that I definitely wanted to get to know better, their dynamics were interesting, and the sex was pretty dang hot. I appreciate a story that can make me feel in my heart AND a little further south of the equator as well (if you know what I'm sayin' *wink, wink*) and this did both of those things.

But there was a LOT going on there for such a short story and that caused things to feel a little muddled towards the middle and end. (Chris has both Dom and Sub tendencies?! Whaaaat?! I don't think I've ever encountered that before.) I finished the story completely unsure what this menage relationship would look like in six weeks, in six months, in six years. I guess that may have been the author's aim given her HFN ending. However, I would have liked a little more clarity if not closure.

As always, my thanks to the author for participating in the Love's Landscapes event and for all of the behind-the-scenes work that editors, beta readers, and the MM Group Mods put into making this FREE event a massive success!

[When Liam calle

~◊~Doxni(ela) ♥ ?? love & semi-colons~◊~ says

This story is almost all telling, with the move to a menage relationship happening too quickly.

Chris goes from vanilla to sub in the blink of an eye and moves in with an established couple immediately after meeting them.

Many people have nasty parents and break up with their partners without going off the deep end.

I also thought the BDSM wasn't well done; it felt more like domestic discipline, and even that was shaky. There were no safe words, no scenes, and no apparent structure.

Some of the sex scenes were hot, but the story felt artificial. The motivations and feelings just weren't believable.

Pam Nelson says

4 Bonded Stars

MM – MMM Romance

Ahhh Chris breaks up with his long-time boyfriend Philip, made me sad poor Chris. He is kind of lost for a while not sure what to do or why they broke up. But if he looks deep down he sees he wasn't really happy in that relationship.

Chris goes to the gym a lot to feel something other than sadness and he meets Greg and Liam.

I enjoyed Liam and Greg's dynamic. And it was Liam who gets the ball rolling so to speak.

Liam's character intrigued me and I liked the way Chris and Liam were different from Greg and Liam but how they all work. It kinda sorta perfect!

I am not a huge fan of the narration it was good just wasn't what I was expecting from the cover. I kind of felt like James Talbot has an older voice and I thought of these men as younger.

You don't have to like my review but its 100% my opinion, and I am allowed to have it.
