Miss Pippi the Librarian says

Duck and Goose are on the hunt to find a pumpkin. Their friend Thistle tells them where to go for a pumpkin. Sweet fall read to share with your little ones.

I was looking for some books for a Halloween storytime that includes children who are preschoolers of all ages. Add to the age difference the fact that for many of these English is not the language spoken in their homes... You can't miss with Duck and Goose! Children love these characters, the art, and the simple story. I was happy to find this.

Nancy says

perfect for toddler story time...do you see a pumpkin...

So Spooktacularly cute!!

Very cute board book. This was one of a handful of selections from our Brightly box for September/October. Duck & Goose are really cute characters as is their grey friend Thistle. They want a pumpkin and head all around finding fun fall/autumn things to do along the way seeking a pumpkin.

This is adorable, repetitive, durable, fun loving board book. Everyone from my 15 month old toddler son, barely four-year-old daughter, to my newly six year old daughter enjoy this cute book. It is going in our Fall book box to come out year after year.

This one always gets a chuckle from kids and adults.

The Duck and Goose series is very middle of the road to me. The characters aren't all that distinct or memorable and neither are their adventures. This one seemed like a Halloween cash grab. It wasn't horrible, but wasn't anything special either.

Dana says

Simple text. Simple idea. Humor used. Good for toddlers. After one read, my two year old grand was "reading" the book to herself.

Reed Shepherd says

Vivid illustrations and simple dialogue make it easy for even the youngest readers to join in on Duck and Goose's pumpkin hunt.

A Lilac Wolf and Stuff Review

Awww, they want a pumpkin, too. But first they need to find one. They look all over, will they ever find that pumpkin. Fall friendly and cute.

A great book for preschoolers and younger, this adorable story has duck & goose getting ready for Christmas. The illustrations are adorable and the simple language was easily repeatable my my 3 yr olds. No educational value except for reading and instilling the love of books in your child! Highly recommended for the smaller children.

My kid loves this book. I had to read it 7 times in a row the other day and he wanted it five times last night. Sweet illustrations and not much story, but he loves ducks and geese so much -- he sits there saying "honk" and "quack" and "duck" and "gus" -- so what the heck. I guess I can stand it a few more times.

Kyle Young says

Duck and Goose Find a Pumpkin by Tad Hills is a good fall read for kids just beginning to learn. The illustrations are bright and colorful and the book is well suited for kids just learning to read and will not be too challenging.
