Filling the Afterlife from the Underworld: The Case of Mrs. Weldon C.S. Woolley , Jared Drake (Cover Design)

The Case of Mrs. Weldon follows Siren through a case she thought we would be straight forward – follow a man's wife and prove she is cheating on him. But Siren soon finds out that all is far from simple and straightforward.

Nicolette Mace is a private investigator out of necessity, not choice. With her family dead and nowhere else to turn she had to learn to stand on her own two feet and live the only way her father ever taught her to.

Life as a private investigator isn't all big cases, excitement and arch enemies. Filling the Afterlife from the Underworld follows the day to day musings and activities of Nicolette Mace: The Raven Siren, taken from her online blog.

"My name is Nicolette Mace, but you might know me as the Raven Siren. I'm a Private Investigator living the 1930s romantic dream in this new and exciting modern age. I keep records of everything that happens; everything I have seen and done. Why? There are more things in heaven and earth, Horatio, than are dreamed of in your philosophies."

Flyonthewall86 says

I'm not sure what I was expecting from this book as the "Volumes" of Filling the Afterlife from the Underworld don't have a plot running through them just entertaining short exploits from the life of the Raven Siren.

The case of Mrs. Weldon is somewhere between being like the Volumes and like the Kevin Metis and Derek Long sagas. It follows the story of a rather minor case that doesn't fit directly into the over arcing plot, but is a rather fun read.

It's filled with the same sarcasm and tone as the volumes coupled with the a plot that leads back into the volumes, helping to create a really connecting universe. The Filling the Afterlife from the Underworld books really are great fun and weave together to fill out the world that the Raven Siren lives in.

Maria says

A thoroughly enjoyable Novelette. I devoured it in one day which wasn't hard. This is a new author to me and I really like C.S Wooley's style. I liked the humour and the asides that she used throughout. The narrative flowed easily and the storyline was good. I wasn't left with the feeling that it was unfinished although It paved the way for the next story at the same time. The protagonist was likeable. Will be reading more by this author.
