Four Nights at Sea

Demi Alex

Four Nights at Sea Demi Alex

Four days on the water . . .

Four nights in his arms . . .

Charlene “Charlie” Stanton doubts her maiden voyage on a lusty singles cruise will direct her sails toward love. But an unexpected lothario just might change the tide in her favor . . .

Charlie boarded the Cozumel-bound Lovers Sail cruise hoping for nothing more than writing an article that would make it into the pages of City Wings, a trendy travel magazine. Still recovering from a highly publicized divorce, love is the last thing on her mind—especially when she realizes she’s mistakenly booked herself a spot on a kink cruise. That is until she meets Ford, an outsider just like her, and he whips her attitude into submission. Despite rules limiting their interaction, he shows her a world where pleasure is encouraged, and nothing is forbidden. And with Ford as her anchor, she begins to wonder if she can turn four nights of fantasy into more nights of reality when the trip is over . . .

I received a copy of this book from the publisher via Netgalley in exchange for an honest review. Thank you! It was just released earlier this month.

I have to admit that I really struggled with this story and after many weeks thinking it over (yes it has taken me this long to write my review) I finally know why. I read all genres of books and keep an open mind. I entered in to this story knowing it was erotica and being comfortable with that fact however I really think I am not a fan of this genre.

Here is where my issue comes in. While I am ok with sex in my stories, as well as the details, I also want a story to be told between the "bedroom" scenes. For me, this story was all about the physical chemistry of Charlie & Ford and little about the substance. I only blame myself, I mean the synopsis details that the story takes place on a kink cruise. I just thought maybe there would be a story amongst the kink. Sadly, IMHO there was not.

I do have to say there is one aspect that makes me giggle. Although I tend not to be a cruise person and prefer other vacation possibilities, I have several friends and family who love it. Now, whenever one of them tells me they booked a cruise, I will think of the one in this story.

So I must declare that I realize that I am not a fan of the erotica genre. It is that or this book doesn't really represent the genre well. Either way I will be a lot more cautious before selecting any further stories in the genre. To be fair to the author, and fans of this genre, I do not think it would be fair for me to rate this book

This second book in Demi Alex's series did not disappoint. You feel like you actually know and like the characters. It is an absolute love story, and at the same time, it is fun, sexy and steamy. I actually read it all in one day as I could not put it down!

I voluntarily read a Review Copy via Net Galley. All opinion stated are solely my own and no one else's

After reading 26 Hours in Paris, I had high expectations for Four Nights at Sea and Demi didn't disappoint. Ford and Charlie's story was hot, sexy, yet intense and consuming.

Charlie is writing an article and takes herself on what she believes to be a singles cruise ship but in fact she's joined into Lovers Sail Singles & Kink Cruise.

She accidentally bumps into Ford but little does she realise her life is about to change. She's used to playing it safe but Ford helps her leave her comfort zone to explore her sexual desires.

She's writing about finding love on cruise whereas; he doesn't believe in happily ever after or long term relationship.

He's offering sweet pleasure but can she surrender to him?

Will being around Charlie change Ford's opinion of long term relationships?

Wow this was an incredible book to read; it was intense but you could feel the passion and desire fiercely burning between Ford and Charlie. They had explosive chemistry: I'm surprised they didn't combust just looking at each other lol. The naughty, sweaty scenes/events taking place around them heightened and intensified the passion, desire and lust bubbling between the characters. Both characters complemented each other nicely. Their emotions, fears and insecurities were captured beautifully throughout.

Quinn and Luis were seriously hot and I couldn't stop laughing at the story Quinn was telling Charlie - where he was desperately trying to get Luis to notice him lol. These two hunky guys were dreamy, steamy and I couldn't stop fanning myself when they made an appearance lol.

The kinky cruise setting was definitely unique yet innovative. I think the unusual setting made the sexual tension more thick, erotic, naughty and tantalising. The book provided both Charlie and Ford's POV which was definitely insightful.

I absolutely loved Ford and Charlie's story - it was steamy yet sexy and I'm surprised i didn't combust just reading it lol. Demi has truly outdone herself which is why she's one of my favourite authors. I could never get bored of her work: it's seriously gripping yet addictive.

Synergy Quest says

Super sexy, hot, fun and filled with couples who genuinely share love, affection and exploration without judgement.

I received an ARC of this book, from the publisher, via NetGallery, in exchange for a fair and honest review.

C bond says

via netgalley

thoroughly enjoyed this book.

Chanda Norman says

A exciting romance aboard a kink cruise. The idea of a kink (clothing optional and all things sexual allowed) cruise is new to me but I hope for women everywhere such cruises really do exist.

Charlie a heiress turned journalist decided after a bad marriage to make it on her own and is going on a cruise for a article about places to find love. She only finds out what kind of cruise it is right before she sails but she decides to make the best of it. She runs into Ford (literally) right before boarding. He is a sexy, take charge kind of man that is currently working for the cruise line and will be on her cruise. Ford is also from a wealthy family but has decided to make it on his own and needs to work just a couple of more cruises to have the money to open his cafe.

The cruise has many sexual and fun filled activities where you get a opportunity to meet other unforgettable people on the ship. If you like kink and sexual adventure with your romance you should enjoy this book.

Demi Alex has written a steamy love story that is very creative and thought provoking.

I voluntarily reviewed this book provided to me by Kensington Books & NetGalley.
