RESEÑA COMPLETA → <https://goo.gl/ShGmFo>

Después del increíble éxito que fue “*Cuentos de buenas noches para niñas rebeldes*”, Elena Favilli y Francesca Cavallo regresan con un nuevo libro donde nos presentan a otras 100 mujeres que han marcado la historia de la humanidad.

Al igual que en el primer libro, **las autoras mezclaron figuras clásicas como Agatha Christie o Mary Shelley con figuras modernas como J. K. Rowling o Ellen DeGeneres** y debo decir que es un gran acierto que lo han, pues al dar el libro a una persona más joven es fácil que se sienta identificada con las figuras modernas y al mismo tiempo logren llamar la atención hacía las figuras clásicas.

El formato de los cuentos es el mismo que en el primer libro, es decir que viene una pequeña biografía donde se destaca la lucha de cada mujer acompañada nuevamente de unas preciosas ilustraciones. Cabe también resaltar, que pese a lo pequeño que es el texto que acompaña a cada ilustración, es un **texto muy bien pensado para atrapar no sólo a pequeños sino a un publico más adulto también.**

En la reseña pasada olvidé mencionarles un pequeño detalle que hace aún más grande a esta colección de libros, y es que al final de ambos libros viene un espacio para que dibujes tu retrato y cuentes tu propia historia. Me ha parecido un detalle encantador que las autoras hayan incluido esto pues les da espacio para soñar a las pequeñas lectoras.

Trish says

This is a terrific two-book series. I am even more impressed with the second book than I was with the first. This so completely encompasses the non-white majority in the world, I started to wonder if the first one was mostly white Europeans and Americans. But it wasn't.

The books are composed of completely engrossing personal profiles of interesting women who managed, despite dysfunction in their society or families, managed to make something of their dreams. It is written as though for girls, but anyone over the age of ten would find something entrancing in here.

It's so powerful and enabling.

Nat says

This book arrived just as I had completed reading the previous collection with my little sister during the weekend; **Good Night Stories for Rebel Girls** did just what it promised... meaning that she was put to sleep right away. I think the historical aspect wasn't quite there yet for my nine-year-old sister.

Still, I was ecstatic to hear the news of this follow-up book to come out. **Good Night Stories for Rebel Girls 2** boasts a brand new graphic design, a glossary and 100 incredible new portraits created by the best female artists of our time.

I liked, in particular, the inclusion of new, contemporary women in this edition, since I had just finished my reading of Chimamanda Ngozi Adichie's *Americanah*, and here we have her familiar face featured!

But my main issue with **Good Night Stories for Rebel Girls 2** stems from the fact that these summaries skip one too many significant details and it results in an inconsistent, half-hearted historical biography of these accomplished women.

I also feel like the book reduces the women's accomplishment a tad by making their hard work sound like a breeze. Like, with Lilian Bland building her own plane, they make it sound like she snapped her fingers and boom there's a plane:

"Lilian read everything she could find by the Wright brothers and other famous aviators about how to build a plane. She succeeded in building a flyable biplane—an aircraft with two pairs of wings—then went on to build a full-scale glider, just like the one her boyfriend hadn't let her fly."

Putting my hindrances aside, I'd still like to share some of my favorite stories of these extraordinary women:

JOHANNA NORDBLAD
ICE DIVER

This mentioned a film “made about one of her incredible dives,” and I was utterly hypnotized watching it. I had to replay the video over and over simply to wrap my mind around the scope and expansiveness of Nordblad's chilling actions.

“It shows a solitary figure dragging a sled to the middle of a frozen lake, leaving a trail of footprints behind her in the snow. She cuts a triangle into the ice with a saw and sits on the edge. Taking a deep breath, she slips into the black water. A different universe unfolds around her: silver and deep blue-black, silent and beautiful. She swims along like a mermaid, at peace with the world.”

J.K. ROWLING
WRITER

BRENDA MILNER
NEUROPSYCHOLOGIST

VIVIAN MAIER
PHOTOGRAPHER

I can't stop staring at this utterly haunting painting.

SKY BROWN
SKATEBOARDER

This nine-year-old skater is an inspiration.

I am, however, eternally perplexed at their notion of including a Nazi-born girl in this collection, because we should, of course, applaud a fish for swimming, instead of shining light on the many brave Jewish women to survive and oppose the terrors of the Holocaust...

Célia says

O primeiro volume de *Histórias de Adormecer Para Raparigas Rebeldes* foi um dos meus livros preferidos de 2017, por variadas razões, mas principalmente pela sua qualidade inspiradora. Assim que soube que iria ser publicado um segundo volume, fiquei de imediato entusiasmada por poder lê-lo.

Tal como no volume anterior, também este apresenta a história de 100 mulheres que se destacaram numa determinada atividade, oriundas de todo o mundo, da antiguidade à atualidade. A história abreviada dessas mulheres é novamente acompanhada de uma ilustração original. Mais uma vez, temos uma portuguesa a participar nesta coletânea: Joana Estrela ilustrou a astrofísica Sara Seager e a ativista norte-coreana Yeonmi Park (se ainda não conhecem *Porque Escolhi Viver*, recomendo).

Já quando li o primeiro volume achei que se tratam de livros que, apesar de à primeira vista poderem ser dirigidos a um público-alvo muito específico (raparigas do segmento infanto-juvenil), a importância do seu conteúdo é transversal. Desde que recebi este livro em casa, tenho vindo a ler uma ou duas histórias por dia ao meu filho de 5 anos e tem sido maravilhoso. Noto nele um genuíno interesse por conhecer as histórias de vida destas mulheres – e também alguma perplexidade, no meio da sua ingenuidade, em perceber que as coisas nem sempre foram como ele as conhece hoje em dia.

No meu papel de adulta, voltei a adorar. É impossível não nos sentirmos algo pequenos perante tanta coragem demonstrada ao longo dos tempos pelas mais diversas mulheres. Façam um favor a vós próprios e comprem estes livros para vocês, mas também para as mulheres, homens, meninas e meninos na vossa vida. Que livro inspirador e pertinente!

Esteban Parra says

Un libro importante. La oportunidad de conocer nuevas heroínas que se atrevieron a pensar más allá.

Laura says

Como el primero, un libro cargado de motivación femenina ?

Emma says

The concept is the same one of the first volume and I just love them both. The authors really did an amazing job and every illustration is truly breathtaking. It's a really nice book to read even if you aren't a child anymore or don't have children yourself. I find this kind of books really interesting to read because they're able to give you a glimpse of someone else's life in just one or two pages.

And of course the aim of the book is a very important one: telling girls (and boys) awe-inspiring stories about the empowerment of some very extraordinary women.

Flor says

Me gustó mucho.!!! Al igual que el primero es un libro muy inspirador tanto para niños como para adultos. ??

Le pongo 4 estrellas porque me hubiera gustado más variedad sobre el origen de las mujeres que aparecen, y no que la mayoría fuera de Estados Unidos. ?????

Algo que no me gustó fue que bajaran la calidad del papel, pero aun así las ilustraciones siguen siendo muy lindas.??

Toglietemi tutto, ma non i miei libri says

"Storie della buonanotte per bambine ribelli 2" è, in pratica, una fotocopia del primo.

Cambiano, ovviamente, le storie ma lo stile è lo stesso.

Mediante fiabe lunghe una pagina, ci vengono narrate le storie di cento donne, del passato e del presente, che con il loro lavoro, la loro determinazione, si sono fatte valere.

Scrittrici, scienziate, combattenti, insegnanti, ginnaste, eroine che a modo loro hanno cambiato il mondo e il modo di vedere, giudicare le donne.

Le loro storie, all'interno del libro, non sono particolarmente approfondite, anzi, sono solo accennate ma il bello di questo libro è che ti permette, appunto, di conoscerle.

Ogni volta che finivo una fiaba, io poi andavo su internet a cercare la storia completa della protagonista, per conoscere appieno la sua biografia.

Encantador leer a tantas mujeres fuertes y triunfadoras!
Leer a JK Rowling y a Madona fue hipe total

Jona & Joslyn says

4.5

I'm ashamed that I've never heard of most of the women highlighted in this book. I'm glad to see this in print.

Kate TerHaar says

I purchased this book for my 7-year-old granddaughter. Her favorite book is Good Night Stories for Rebel Girls as well as the "I Am" series by Brad Meltzer with her all-time favorite being Rosa Parks. We couldn't wait for volume 2 to be published. I backed both these volumes on Kickstarted and I am so happy I did. The one-page stories are just right for maintaining interest and the 100 extraordinary and diverse women highlighted range from present day heroes -to long ago inspiring women. I love that she is learning about real women that have changed the world and not fairy tales of women that don't exist.
