Love★Com, Vol. 7 Aya Nakahara

Risa Koizumi is the tallest girl in class, and the last thing she wants is the humiliation of standing next to Atsushi Otoni, the shortest guy. Fate and the whole school have other ideas, and the two find themselves cast as the unwilling stars of a bizarre romantic comedy duo. Rather than bow to the inevitable, Risa and Atsushi join forces to pursue their true objects of affection. But in the quest for love, will their budding friendship become something more complex?

Risa is sick of having her emotions yanked back and forth by her feelings for Ôtani, so she decides once and for all to just be friends. But when she tells Ôtani that she's getting over him, he freaks out and tells her not to! Has the comedy duo turned into a couple?

That kiss scene. I remember watching this anime in middle school and wanting a relationship like this. Friends to lovers is such a great trope, and if you're not into manga/anime but like romance and good friendships and comedy, you need to try this.

Plus, the anime is one of the only ones to be entirely in Kansai-ben! Meaning the dialect spoken in Osaka, and other parts of Kyoto.

Sol Herondale says

La historia es muy llevadera, divertida, los personajes te hacen encariñarte, y el amor entre ellos es original y entretenida

Destiny says

This volume was perfection. Risa and Otani are hilarious together and you can tell she really loves him. Then they kiss on the roof after her birthday party. Risa is over the moon of course, but she doesn't know if they're a couple or not. So Otani says he doesn't kiss his friends like that. So are they dating? I think they are and I can't wait to find out in volume 8!

Kristine Hansen says

Oh my....are we finally....finally....finally going to have some kind of admission???? O.o I'm stunned....and wonder where the series goes from here....

Yue says

This volume was sooo cute!! Otani was so sweet I could have died!! Risa finally got what she deserves!! The waiting was worth it XD

But seriously, this volume has been the sweetest one in the whole series, and that is saying something cause the entire manga/anime is one of the cutest and funniest I have ever read/watched in a shoujo.

They are finally a couple!! Kyaaaaaaaa!!!

Kate says

This volume is one of the cutest in the series. I originally skipped it because it was already checked out at my library and I wanted to read on and not have to wait. Now, I wish I had waited (my patience is lacking when it comes to cute romantic comedy manga). The dialogue is perfect, the interactions priceless in these chapters.

The love story of Koizumi and Otani continues!

In this volume, it's Koizumi's birthday, a full year since she first confessed her love and Otani is feeling the pressure. Then, all hell breaks loose and little miss J-R here has a major fangirl-gasm. Aside from that, I have nothing else to really say about this one that wouldn't include spoilers and really the whole book is just full of great, easily spoiled moments.

Happy faces all around!

Emmy Lou says

[FRIGGING YAY! OTANI AND RISA ARE NOW A COUPLE AND I FEEL JUSTIFIED IN USING MY COUPLE NAME FOR THEM, RITANI! Although that reminds me of pasta... (hide spoiler)]

This might be my FAVORITE volume so far! I read it yesterday and I still get a grin on my face when I think about it. This series has become my absolute favorite. It has had me in tears, sometimes from laughing, and sometimes from crying, but either way is always engaging. The art is fluid and lovely (and I want Risa and Nobu's wardrobes....) and the characters are so likable, side characters included. (Sometimes the looks on Suzuki and Chiharu's faces are just priceless.) I adore this series!

Dani - Perspective of a Writer says

Love how jealousy was used and how because he didn't think of it first without all the posturing he was kind of embarrassed. It made the whole resolution so cute! I love when Koizumi doesn't get things and it makes Otani spell it out for her. The birthday present was perfect! Between her friends and Otani there were fireworks of all kinds. so perfect story arc in this volume, well worth reading volumes one through six just to get to this volume. Funny, cute, sweet and touching. Feels reminiscent of how young love should be like and is like when it's taken in the right heart. Love how into it her best friend is -- haha almost more so than Koizumi! Their friends really make the perfect environment for these love birds.

The art is great! Love many specific frames where we get to see different sides of the characters. The art makes the story all those adjectives it is so spot on. This story could be contrived at times if not for the stellar art that makes it stand out as special.

BOTTOM LINE: Love the reticent Otani and the absolutely clueless Koizumi!

Reader17 Der says

I loved this volume. It had me smiling the whole time. Risa and Otani are finally making progress. Risa is about to give up on Otani she is tired of trying, and tells Otani that she just want to be friends. Otani tells her not to give up yet. In this volume there is a basketball game, karoke night, and Risa birthday. All of these events has something in them that made me smile. Really enjoyed this volume. If you want to know if Risa and Otani stay just friends or become a little more you will have to read to find out.
