He's fighting for the only thing that matters: His family. And he'll save them, even if it costs him his life.

### Loved it

I haven't read the other "Master" series books yet and stumbled across this one.

Loved this book, the passion between Veyr and his mate was off the charts. The fact that he is Master of the city is heady in itself but how he carries himself and lives his mate and child was intoxicating.

Although I don't have the entire back story of the guy who wants to be Master I am extremely elated at how he was handled.

I'm going back to start the series now. Loved this one. Highly recommend.

When Veyr took over as master of the city he made angered Jacob an alpha of one of the pack in the city. He had plans that didn't work out so now he is back again to take over with a secret weapon.

Vayr is happy with his mate and daughter and no one messes with them!

This is an action-packed story that had be at the edge of my seat! I loved the characters strong and powerful. There is alot of stuff going on in this story and if your into shifters you are going to want this one! I loved it Voluntary reviewed a copy and I honestly enjoyed it.

Si no he entendido mal, este es el último libro de la saga. Si, me he saltado un par de ellos porque no eran mi estilo, los tríos o son mi tipo de lectura.

Este último libro continua con la historia de Veyr y Cyan. Jacob, el hermano de Vanessa, ha estado maquinando durante un año un plan para hacerse con el puesto del amo de la ciudad y no hay mejor manera de conseguir eso que matando a Veyr y de paso a su propia hermana y a Jace. Pero lo peor que se le puede hacer a Veyr es tocar a su mujer...

Para ser un final está muy bien. En general la historia está muy bien pero obviamente estaría mejor todo en un solo libro y no varios de 20 páginas como mucho... Aún así como historia de Shifters está bien para pasar el rato. Obviamente las he leído mejores pero está bien.

He takes care of what's his, & his woman & baby girl come first don't mess with them!! There could be so much more. I love that the story continues but would like it even more if the Chapters were longer with more meat & potatoes. You know?

I love this storyline & look forward to each Chapter. Give us more please!! LOL

The last installment in the fabulous Master of the City series. As a rule I avoid book series as I hate being left hanging, I usually wait until all the stories are released in one book. I made an exception with the Master of the City series as Mina Carter is totally awesome, and I'm so glad I did. I adore Veyr and Cyan and have eagerly awaited every new episode in their lives. And what an adventure it has been! This may be a short story, but it is action packed and filled with appealing characters that stay with you long after you've finished reading. Enjoy!

LOVED IT!

All is going perfect for the Master of the City, Veyr - his wife, Cyan and baby, Lily until sadistic, Jacob McCauley returns to take what he feels was rightfully his --- that being the title of Master of the City. So when the Master away, Jacob and his hyena, yes hyenas breaks into Veyr's court and kidnaps Cyan and all hell literally breaks out!

Now to get this title, Jacob will have to challenge Veyr but Jacob is too uh, pureblood for that so he pays another to kill Veyr for his title????? A woman! A lamia! A snake ! (look it up!) Oh, Jacob is such a coward but he wants the title and boy was that the wrong move ! Love finds a way to win in "Master's Retribution" and Jacob's demise was just priceless!

Now as far as an ending to this series, well the way Mina Carter focused on the new characters, Capt. of the guard, Bryce and Margarite, Lily's babysitter there will be more to this series... hint-hint!

This is book 5 of the series. Very short sexy reads. This brought everything together and wrapped up very, very nicely. Had a great time reading this whole series. Lots of action, passion, some betrayal and jealousy. Highly recommend.

Master's Retribution by Mina Carter is Book 10 of the Master of the City Series.

A nice touch for the final installment in this series. Great to see the growth and maturity of Veyr, as well as the long way Cyan has come from Book 1. Ms. Carter has a unique way of making each story a roller-coaster of a ride and I love taking it each time. Well done Ms. Carter.

Please note that an ARC was generously provided in exchange for an honest review of which this is both honest and completely voluntary.

ABSOLUTELY FABULOUS !!!

Title: Master's Retribution

Series: Master of the City

Author: Mina Carter

Designation: Multi-Installment Serial, Could Be Read As A Standalone But Not Recommended by This Reviewer Happy For Now Ending, Smut-Shortie, Approximately 50 pages (Should be read after Book One: Master of the City, Book Two: The Master's Woman, Book Three: Mated to the Master, and Book Four: The Master's Baby)

Reading Platform: Kindle Edition

My Rating: Five Sinfully Sexy Stars\*\*\*\*\*

Love it! We asked and Carter delivered! Mina Carter has dazzled her readers with another titillating short in her vignette of sexy Smut Shorties. I was beyond excited to learn that Carter would be continuing Veyr and

Cyan's story arc in Master of the City series, one of my personal favorites! I became completely smitten with Veyr and Cyan after reading the first book of the series, and now, five books later, I'm still in love with these characters. Master's Retribution is the fifth installment in Carter's Master of the City Serial. And yes, I said serial so if you haven't read Master of the City, The Master's Woman, Mated to the Master, and The Master's Baby, you may want to catch up before reading this one. However, I will say that Carter does an exceptional job of giving sufficient backstory so this release could easily be read as a standalone. But why would you want to? lol.. It's so much better when you read them all! Personally, I love Carter's sexy shorts and just can't get enough of Veyr and Cyan!

But let's talk a few detail. The narrative is beautifully written in the third person with dual alternating his and her perspectives from the two protagonists as well as an additional perspective from the antagonist in the prologue. The dialogue is smart, seductive, well executed and flows effortlessly. Every single component of this story is well done including the beautiful cover but, without a doubt, my favorite element is the cast of engaging characters who not only captured my imagination but also stole my heart. Exciting! Well Crafted! Imaginative! Captivating! Compelling! Riveting! Thrilling! Addictive! Romantic! Arousing! Sensual! Sexy! And hot as a firecracker! These are only a few of the words that come to mind after reading this story. I couldn't turn the pages fast enough! Do yourself a solid and read the entire series! Did I like this book? No, I loved it! I've been a Carter fan for years and followed Veyr and Cyan's story from the beginning, read every book and loved them all! As a matter of fact, there are very few books in Mina Carter's entire library of published work I haven't read and she's published a ton of books in her career! Would I recommend it? You bet, and I am but only for adult readers. After all, this is a Mina Carter story and anyone familiar with her work knows she writes some of the hottest sex scenes ever! Will I read this author again? Absolutely! Was I entertained? Completely! Fabulous entertainment and an awesome read!

Cyan Trevais has the perfect life... finally. Once, a female wolf shifter who could not shift, a self-declared 'Forsaken' and an outcast in her own pack. But that was the past. Cyan has accomplished the impossible... she has brought Veyr, the battle-scarred mongrel from the fight pits who bravely won the position as Master of the City, to heel. Life is definitely good. Her wolf is awake and Cyan is now mated to Veyr, mother to their beautiful six-month-old daughter Lily, Lady of the City, and loved by all. Well, almost all. When you're mated to the Master of the City, danger is right around the corner and enemies are always hiding in the shadows, waiting for the opportunity to destroy her and Veyr's happy life. Little does she know that an old enemy is eagerly plotting his revenge, making plans to destroy Veyr, along with anyone standing in the way so he can take over the city. Jacob McCauley, defeated former Alpha of the McCauley Pack, is that enemy and his first course of action is to kidnap Cyan right out from under Veyr's nose. But McCauley has not only recruited an army of ruthless shifter mercenaries to help him execute his plan, he's also found a secret weapon that just may be able to defeat them all. But will he succeed? We'll see! Buckle up, my lovelies! Here we go again!

## **Rebecca Grove says**

This is a great ending to the series. Cyan has truly grown as the Master's mate and Veyr has become a great family man. Jacob is back and he is planning to overthrow Veyr and become the Master of the city. Problem is he goes against tradition and instead of challenging Veyr outright he hires outsiders and mercenaries to kidnap Cyan and her baby daughter. Cyan has to choose whether to save herself or her daughter. Veyr has to risk everything to keep his position but he realizes that its not the power that is important. He will do anything for his family.

This is a great short read and a great conclusion to the series. I voluntarily received a copy of this story and

this is my honest review.

An old enemy has wormed his way into the city bent on taking down the Master and he's brought with him an ancient creature. The Master has to pull out all his stops to go toe to toe with the threat and he will because the threat is to his Lady and his tiny daughter.
