This book has some great information, I however, found I had to push myself to plod through this book. It lacks a certain spark that snags the reader, but is still valuable nonetheless

Belove says

I really liked the stories about the ceremonies and everyone getting together that was fascinating.

Natasha says

It was an intriguing surprise.

Fascinating, yet not compelling. The time frame for the major world events ends in November 2015 (which is when I read this book). If there is a pole shift, it could be tomorrow or in 100 years. With a calendar that talks of almost 13,000 year intervals, 100 years is a small margin of error. Sometimes, I question how much of Drunvalo's work is imaginary, or instructive, compared to documentary. Also, there is a lot of overlap here with his other works.

Having studied with Drunvalo on numerous occasions over the past 15 years or so, I will say that he still has not let anyone down with this latest book. He shows and reminds us, as he takes us on more of his amazing adventures, that we are at a pivotal point in our time. He makes it extremely clear that we have done an incredible amount of work and that if we are clear and stay out of fear, we will get to the next level (dimension) where life will be even more than we can fathom right now. His new School of Remembering(c) and Awakening The Illuminated Heart workshop gives us easy, step-by-step instructions on how to do the Creation Meditation, activate our organic Merkaba and ascend when the time comes. I hope to be able to teach this by May 2013. The book, his teachings on love, life, and evolution are soooooooo worth it. If you are reading this, don't hesitate, you'll treasure it!!

PS The book was published 11/21/12, not in January as it states here.

Kevin Monte says

Meh, most of the material is a recap of The Serpent of Light.

Mayra Galvan says

wonderful insight on ancient spiritual information and what the mayan prophecy is really about.

Lyneah Marks says

More amazing information from Drunvalo Melchizedek. This is a wonderful easy story-style read that updates us on the cosmic level of things going on with the Mayan calendar ending and the new age beginning. Very worthwhile read in my opinion. thank you Drunvalo for continuing your work and writing about it.

I thoroughly enjoy anything written by Drunvalo. Sometimes I wish he'd elaborate more as I always have many questions after reading his books! Lots of valuable information here though.
