**Nights Embrace** Brandy L. Rivers

18+

It all started with a song.

Roxana Nights was late to another gig, thanks to her first love, and drummer. It's been years since she left Jordan, but he won't let her go. Then she hears a voice that pulls her under a spell and changes her whole world.

Trevor Malone just moved to Seattle with his band. Music is his only passion, until he lays eyes on Roxana. He's never felt anything as strong as the pull to her. Now he needs to find a way to introduce her to his world.

There's only one problem. A rival clan won't rest until they've taken Trevor's down. Unwilling to let old grudges die, they target Roxy. Trevor will do anything to keep her safe.

Roxy learns that the world she writes is closer to reality than she ever imagined, and that not all monsters are evil, though some are ruthless.

Will love stay strong when the past comes out? Can they survive the centuries old vendetta?

Twin Sisters Rockin' Book Reviews says

**Overall Rating: 4.5 Rockin' ★★★★★?**

From the moment Roxy heard Trevor sing she was caught. Trevor could not believe the remarkable woman that just walked in where he was performing. When he heard her sing he knew she was his mate.

*“They warned me Roxana Nights was enchanting.” His eyes traveled down her body and back up so damn slowly she had to wonder what he was thinking. “I never imagined they were underestimating your beauty.”*

Roxy had one problem her ex-boyfriend is still a part of her band and he refuses to let her go. His constant getting into trouble with women, drugs and alcohol had been the thing that finally broke the relationship. Roxy was not looking for another relationship until she looked into Trevor's eyes.

*“Don't apologize. I'm sorry for the intrusion but yes, I'm Trevor Malone.” His accent colored his words, but it was faded, as if he had been in the States for years. He had a strong jaw, full mouth, and sharp cheekbones. Roxy lost herself in his gaze.*

Trevor follows Roxy's scent to a coffee shop the morning after their performances and asks her to spend the day with him. She agrees to be his tour guide for the day and to show him all the sites in Seattle. They spend the day getting to know each other and avoiding everyone else. The question that Roxy keeps asking herself is should I take a chance with Trevor?

*Stupid Rox. He could be the world's best actor, playing you like a fool. He has all the charisma in the world and could easily have any woman he wants. So what the hell makes you think he wants anything more than a little naked fun time?*

Trevor knows that there is so many things that he needs to share with Roxy but he also realizes that he must be patient. She is not at the point where she would be able to understand. Her ex will not leave her alone and keeps causing problems and wanting Roxy to make it right. All Trevor wants to do is protect, love and wrap her up in his arms.

*“Jordan wasn't man enough to see his mistakes or to make amends.” “I don't want him to*

*make them right. I don't want an apology. I want him to let me go. I guess that require me walking away for good." She turned away. "I won't blame you if you turn around and leave. I have so much ...to deal with, an you don't need it"*

Our heroine does not know that she is endowed with strong magic from both of her parents and that her new love is a werewolf. Danger is nipping at both of their heels. A very powerful enemy is after Trevor and also wants Roxy. Roxy and Trevor must work together to defeat the evil that wants to claim them and their families.

*"I'm scared," she whimpered. "Don't be. I'm right here."*

Hero –Trevor Malone: 5 stars  
Heroine –Roxy Night: 4.5 stars  
Steam: 5 stars  
Plot: 4.5 stars  
Cliffhanger: No

Would I recommend this book: Yes! Once again Ms. Rivers weaves a tale of love, adventure, supernatural power and family. I love the way she pulls all the pieces together and leaves the reader wanting the story to continue.

Would I read other books by this author: Yes! Each book is so uniquely different that you can't wait to read the next one.

## Novel Grounds says

★★★★★|Goodreads|Amazon

Meg's Review:

Brandy has worked her magic again! Every novel she writes in this paranormal world draws me in from the first page. Sometimes it doesn't even take that long. This one took a paragraph. I HAD to know where we were going next and who would be put through the ringer next time.

I was super excited to journey to Seattle. I think its great that not only do we have our Edenton family, but now we are venturing out to get the down low on the Seattle others.

Meet Roxana. She's awesome. Maybe even my favorite heroine yet. Not only is she kickbutt, but she's smart. She is a no-nonsense kind of girl and I love it. I have to say though my favorite part about her is that even

with taking things in stride, she knew when she needed help and she didn't fight it. It made for a highly entertaining character.

Trevor. Yum. He is ranking up there on my lists. He had a heart of gold and ALWAYS had her bed interest at heart. He was also pure Hot. His demeanor, language, looks. All of it. The moment he saw Roxana that was it. He never strayed for even a moment. My kinda guy.

The story line keeps you on your toes and engaged through the whole novel. You are introduced to a lot of new characters and they draw you right in. I have to say Sorcha is one of my new favorites. I can't wait to see more of her. She is a no limits kinda gal.

"What I do while I'm writing is top secret." She was blushing. "Ooh, a dirty girl," Sorcha snickered, "I knew i loved you for a reason"

I Loved her from the start and the other characters wiggle their way into your heart as well. I look forward to further journeying into Seattle. If this novel is any indication, it's going to be a wild ride.

Synopsis:

18+

It all started with a song.

Roxana Nights was late to another gig, thanks to her first love, and drummer. It's been years since she left Jordan, but he won't let her go. Then she hears a voice that pulls her under a spell and changes her whole world.

Trevor Malone just moved to Seattle with his band. Music is his only passion, until he lays eyes on Roxana. He's never felt anything as strong as the pull to her. Now he needs to find a way to introduce her to his world.

There's only one problem. A rival clan won't rest until they've taken Trevor's down. Unwilling to let old grudges die, they target Roxy. Trevor will do anything to keep her safe.

Roxy learns that the world she writes is closer to reality than she ever imagined, and that not all monsters are evil, though some are ruthless.

Will love stay strong when the past comes out? Can they survive the centuries old vendetta?

## **Joy Whiteside says**

This is another amazing book by Brandy Rivers. Once I started reading there was no putting it down until I was finished. It was that good. It moved along at an amazing pace, has characters that you cannot help but love, and a story that will keep you entertained from beginning to end.

Everyone needs to experience a book by Brandy Rivers.

---

## Sharon Gaspar says

Brandy L. Rivers

**I received this book in exchange for an honest review (LoP)**

**4.5 stars. Nights Embrace is the first book in The Others of Seattle series.**

*( however can be read as a standalone book)*

**\*Recommended for 18+ due to sexual content and violence.**

*"That's me, a beautiful disaster. I've always been told how talented and pretty I am, but in reality, my life is a mess"( Roxana Nights)*

Roxy Nights is the beautiful and talented lead singer of Nights embrace. She has one main problem in her life that stops her from actually living or even falling in love,the ex and first love that will never let go.Jordan.He is also her band's drummer. Due to all this drama she has sworn off musicians...period!.

Arriving late one night to perform she becomes infatuated by this tall,dark and smokin hot's enthralling voice. Not only does he captivate her with his looks but also with his rich accented baritone voice. She nearly "melted into a puddle of goo". Will she be able to resist this strong connection?

Trevor Malone , lead singer of Lunar Storm is captivated by Roxy. The feeling is so strong that he knows she is his long awaited mate.

*" You do the same, love. I felt lost before you came along, moving through life without direction. Ever since I saw you,I knew you were my direction, my everything."*

How can he explain to his mate that he is not what he seems? That she is not what she seems? And that is a far bigger, stranger world out there full of greed, obsession and danger....

This story was really creative and entertaining. I love the fact that unlike most hot passionate romances this one was equally balanced. It didn't have too much passion but the right amount that we can focus on the relationship evolving emotionally rather than just physically. However when it did have those sexy chapters, wow were they smoking! I love how detailed and precise Brandy L Rivers is with her novels.

One thing I did not like about the story was that in my opinion, the feelings/relationship started too quick. Yes I understand that Trevor saw this woman and felt this special and protective way about her, but it was all so instantly. Same goes for Roxy, she was sworn off musicians and has avoided relationships because of her

ex but she became head over heels for this man. Maybe if there was a little bit more denial it wouldn't have felt so..... Easy.

However I do love the way Roxy didn't completely trust Trevor. She's been hurt in the past countless times so this felt realistic.

*" he seemed so damned perfect, but she knew better. No man was perfect"*

The story is so compelling and passionate that it will just captivate it's reader to read on. I absolutely love this series. I love the fact that each story is different, each character has it's story and all of these build this imaginable surreal magical world. It all flows so well together that it is believable.

A must read to all you paranormal romance lovers!

---

## **CCAM&GZM says**

I was about to start asking what is all this fuss about the musicians, but that would not be fair since I have mine. However, the “musical part” of the book is relevant only to highlight the romantic and sensitive side of the characters and which otherwise are just ... let's say fierce and tough, no matter on what side, good or evil, they are.

Night Embrace will take you in a story whose rhythm corresponds to the general idea that supernatural beings have high senses. The problems and the challenges arise and are resolved one after another, and everything happens in a dizzying pace, that you could get the impression that everything is on fast forward. If it's good or not, whether the solutions come too fast or too easy, it solely depends on each reader individually.

The main characters are to be adored and in the same time their free, sometimes libertine, way to be and act, and the intensity with which they live can make you, the alert reader, to ask yourself (maybe) some questions ... but let's not forget that we are not dealing with mere human beings but with some supernatural ones for whom the time and manners have totally other coordinates.

The secondary characters are many and they awaken varied feelings. Since Night Embrace is a spinoff of the series Others of Edenton, sometimes it may seem that the author is based on the information and the stories from Others of Edenton series considering that they are already known. Anyway, when I read the book I did not know this detail and I couldn't tell that something was really missing, the only thing is just that some characters suddenly appeared and their behavior was not fully motivated, but more than likely, they correspond to what happens in the "mother- series".

From the evil characters (there are no half measures here), some you can understand better, even if their decisions endanger the lives of those with you team with and about others you have wanted to know more, but they are almost meteoric. As I said, the speed at which things happen is sometimes... at the legal limit. Regarding these villains I liked the fact that all seem to have something important in common (besides the obvious, of course). From the first fantasy stories I read, I wondered how, to where it goes and what actually is (or should be) this mate -bound. Most of the authors indisputable link it with love, however in the way

they present it, the people involved do not stand a chance in front of it, so I will always appreciate the author that "alter" this connection. In *Nights Embrace*, it is clear that all the bad characters that are more detail presented do not enjoy a fulfilled mate-bound. It exists, binds the two, but the lack of love is what these villains have in common. Only the positive characters share not only the connection, but also the love. Thus, it seems that the mythical mate-bound is not always welcome and that its failure could have repercussions. An extra point here for *Night Embrace*.

About the characters I could say that Brandy Rivers liked to play a little with the readers' mind also in what regards the links between them. "Normal" in a "non-normal" world they offer extremely varied and appealing possibilities for the next volumes.

Let's see: two people from different worlds and with different love and life experiences found each other and they have no choice but to fight for their relationship, but also for their lives in the games of evil interests, refusing to obey. This leads to challenges, risks, dangers and to an unknown ending in which the death is very possible not only for them. A pinch of magic, a sense of loyalty and friendship, music, poetry and a lot of passion (even lust) are added. Do you like these ingredients? If yes, you can try the *Night Embrace* carousel.

---

### **Colleen Everly says**

Awesome start of a spin-off series. Spinning off from *The Others of Edenton Series*. Loved Trevor and his accent. I thought Fallon from *In Too Deep* was tough but WOW Roxy is one feisty firecracker. I truly am enthralled by the Others. I love paranormal and i love romance and this author feeds my addiction to them both. The author sent me this book for an honest review and I'm being totally honest this is a book and series including *The Others of Edenton* that if you love paranormal romance you should read. The characters and the paranormal situations are so well written it makes you believe they are real. I didn't want this book to end and now I have to wait for the next one in both series. (the agony) :)

---

### **Brittain \*Needs a Nap and a Drink\* says**

I received this book in exchange for an honest review through *Lovers of Paranormal*.

*Nights Embrace* tells the story of a young woman, living in Seattle who has her heart stolen by a charming Irishman with a big secret. He's a werewolf and there is a big huge world out there that he is a part of. She falls hard and fast and never looks back.

Overall, this book was very "eh". It was ok. The characters did not have enough flaws for me to actually like them as people and I felt like I had read this book before. Maybe a bit of paranormal burnout? Roxana and Trevor were cute together and the passion was fun and exciting but the insta-love turned me off a little bit. Nobody really seemed to work hard for anything in this book, including each other's affections. Everything comes easy, whether it be singing, writing, taking shots of tequila or accepting a crazy magical world with amazing and slightly unrealistic calm. I know I would be freaking out.

I was craving more conflict and less mooning over each other in this book. I get that it is romance but it

never felt like Roxana had a choice of what she wanted in this book, despite her attraction to Trevor and her ready acceptance.

---

## **Echo says**

Well, Brandy L. Rivers has done it again. She's given me a whole new set of characters to love and obsess over. Nights Embrace was an awesome beginning to a new series, a spin-off of one of my favorite series of all time, Others of Edenton. With Werewolves, Druids and magic galore, it's all kinds of freaking fantastic awesome.

When Roxy, a singer in a band, and an author, shows up late to a gig, she never expects to be completely blindsided by the deliciously sexy singer of another band, Trevor. From the moment they lock eyes it's an instant connection. As they tangle up in each other, they deal with a rival pack out for blood, a past relationship that doesn't want to be in the past, and an undeniable soul mate connection. Add in the whole werewolf thing and it's completely unputdownable.

Roxy is exactly the kind of character that I have come to expect from a book by Brandy. She's tough, smart, and incredibly strong without ever being a ball buster, which is awesome. And Trevor, holy crap, I love him. I'm such a book whore because when it comes to Brandy's book boys, I pretty much love them all. Trevor is all kinds of wonderful, he sings in a band, he's a werewolf, he's sweet, but oh so strong and he's got an accent! But what makes Trevor so wonderful, well, really all of Brandy's book boys wonderful, is how freaking supportive he is of his mate Roxy. I loved their relationship, it's completely sweet and wonderfully written.

Nights Embrace is chock full of awesome characters, I especially loved Trevor's pack. I can't wait to find out more about all of these new characters - it's going to be awesome! One of the things that I really loved about this book though, is the cameo's of characters from Edenton!! I was a squeeing like a crazy person when one of my favorite book couples of all time popped up in the story - Fallon & Brody!! I adore them - big time. Plus, any visit to Edenton is a blast of epic proportions, I crazy love that wacky town and wish that it was real.

Nights Embrace is another knockout from the amazing Brandy L. Rivers. If you are new to her books this is a great one to begin with and if you've been reading her books then you are going to love this one. I adore the way that Brandy writes and the way that she tells a story. She's one of those rare authors that I implicitly trust with my time spent in the pages of a book. She has a way of writing characters that completely rocks my socks off. Her women are incredibly strong and her men are so incredibly sweet but total Alpha's. It's a combustible combination and quite refreshing to read about male characters that support their women to be the best versions of themselves and not hold anything back. Nights Embrace is definitely a book that I will be re-reading. I can't wait to see what happens next. Now go forth and 1-click it!!

## **Rebecca says**

I received this book in exchange for an honest review (LoP or Lovers of Paranormal)

Unbelievably my first Brandy Rivers book, it will not however be my last. I have enjoyed this book tremendously read it in a matter of days during a heavy exam period- this is why I'm not a first class student. Oh well!

The main characters Roxy and Trevor are very addictive. I love Roxy's strong sassy attitude which is great especially when she's surrounded by alpha males like Trevor, an overprotective wolf shifter who absolutely worships the ground she walks on- as he very well should. These two characters are so absolutely head over heels in love with each other that it kind of makes all the other issues they face seem slightly smaller than they were probably meant to be.

Other characters like the rest of Trevor's pack and Roxy's family/ friends also add to this story making me (the reader) completely submerged in this fabulous world the author has made.

The story is well paced allowing the two main characters to be introduced and form feelings before the first complication and then allowing them to begin a relationship before introducing the main threat to their happiness.

The story line is brilliantly different introducing characters and problems at exactly the right time to keep the book flowing nicely.

This book was genuinely a real treat to read and I can't wait to read more by this author.

---

## **Anna-marie says**

Brandy L Rivers gives us yet another great Paranormal story in the "Others" series. This time we meet the Others of Seattle.

Roxanna Nights is the lead singer in a band & a very successful author of Paranormal Romance books. When she is late one night for a gig, she gets to hear & more importantly see Trevor Malone, the lead singer of another band. The attraction is instant & STRONG.

Trevor has to try to bring Roxanna into his world, one that she only writes about.

This is such an exciting story, with rival clans fighting to the death. We are also treated to Demons. We also get to meet up with a few of our favourite Edenton residents.

I could not put this down & Love the Seattle Others as much as the Edenton Clan.

---

## **Breezy \*Lover of all things Alpha Male\* says**

Fucking brilliant! Seriously I am now hooked on a new Others world!!!!

Roxy is headstrong, sure of herself and straight forward. I love her. She is the kind of woman who knows

what she wants and does what it takes to get it. Being gifted as a musician and author makes her even more amazing. Roxy is the kind of girl I would totally have a drink with and become friends with. Perhaps Brandy put a little of herself in Roxy...=)

Trevor is unbelievably sexy! A man who, the moment I pictured his Irish accent, I nearly orgasmed. Seriously. He is super sweet and so thoughtful, he wants to protect and care for Roxy. He is such a good guy that not only does the lead singer thing make him hot, but the fact that he is such a lovely man makes him ten times hotter!

The whole Others series has always been amazing and vivid. I talk about this in every book review I have done for Brandy Rivers. She makes you see the world through very clear eyes. I could see the surroundings and I could feel the emotions. It is brilliant in every way! The Others of Seattle promises much of the same!

You absolutely have to read this book, especially if you love Brandy's Others of Edentons Series. I give this 5 amazing, brilliant, sexy, vivid lipsticks!

~B~

---

## **So, I Read This Book Today says**

“The truth is, everyone is going to hurt you. You just got to find the ones worth suffering for.”  
? Bob Marley

OK, here's the deal. When I first picked up Night's Embrace (Others of Seattle Book 1) I was underwhelmed. 'Instalove' anyone? But, I was in a hot tub, glass of Merlot at hand, rolled towel behind my neck – So, what the heck? And you know something? It wasn't all that bad, once you got past the typical 'Boy meets girl. Instant attraction. Sex. Repeat.' scenario. Instead, Brandy L. Rivers has written a tale of hate, betrayal, love, death, and hope all wrapped up in the instalove that so many offer today. Of course, if those books didn't sell, they wouldn't be written, right?

Roxy Night, lead singer for Nights Embrace, is a sucker for a sob story, never as well illustrated as by the fact that she has carried her ex-boyfriend, Jordan, for the last five years, babying him out of obsessions, depressions, and maudlin weeping for her to return to him. Bailing him out of fraught situations, ignoring the sex addiction that broke up their relationship in the first place, and generally being a combination mother and babysitter for his whacked-out self. But Roxy is through. Through, I say! And when she meets Trevor, the lead singer of Lunar Storm, she has every intention of standing by her vow to let Jordan deal with his own problems.

So, how's that workin' out for you, Roxy?

Wolf shifters aren't in Roxy's world view. Nor are succubus, demons, incubus, or any other fae beasties that go bump in the night. But suddenly, she is thrust into that world she never knew, and staying alive through it may be impossible. For while Trevor and his band, as well as their mates, all seem to be good guys, a darkness follows them around – a darkness rooted in jealousy, hate, and an obsessive pair of wolves who will do anything to make sure Trevor suffers. And Roxy is right at the top of the list of 'make Trevor suffer' projects. Oh, and let's not forget the father that Roxy never knew. Her mother may have protected her for most of her life, but mom is dead now, and Daddy Dearest is determined to capture Roxy and make her into

the very type of monster he is.

I think I came to like Roxy's book so well because, while there was that instalove thing that has come to be more than boring for me, there was also a strong thread of how friendships can often weather storms that can crush relationships, and how the vicious struggles of addiction, no matter what type, can destroy everything one holds closest to the heart. Oh, and let's not forget the important part for me – no matter how evil one (or both!) of your parents are, your friends are the family you make for yourself.

3.5 stars.

---

### **D.S. Schmeckpeper says**

This is my new favorite Brandy Rivers novel, by far. I loved every minute of it! The whole story just exploded off the pages and had me staying up way too late at night because I just couldn't put it down. I loved both Roxy and Trevor, and all the other characters as well. They were all vividly detailed and all seemed to come alive in this story. Ms. Rivers has a unique voice that makes it so easy to immerse yourself in her world and get caught up in her stories. The connection between the two lead characters was so strong it was palpable, and I truly hope we see these characters again in future books. On a side note, I absolutely loved that Roxy was a paranormal romance author who gets to find out her stories are real, that was an awesome touch for me.

**\*\*I was provided a copy of this ebook from the author for honest review\*\***

---

### **Christie R. says**

Brandy L. Rivers is a Goddess of Paranormal writing!!! I fell in love with her first book in "The Others of Edenton" series and have been hooked ever since! Nights Embrace tells the story of Roxy, a tattooed singer in a band that is drop dead gorgeous and incredibly smart too. She is also a very talented and amazing author for her day job. She shows up late to a gig one night thanks to her ex-boyfriend Jordan with whom has pretty much ruined her dating life and trust in men. Then she hears a sexy voice singing as she enters the building. Trevor is the lead singer in a band and notices Roxy from the get go. They both are entranced by each other and can't stop watching the other. Trevor has to leave after his set but vows to find her....he's just worried about how Roxy will feel about his world. When they finally meet sparks fly but Roxy is worried that he is too good to be true. She is waiting for the other shoe to drop because it always does. Trevor is completely taken by her and knows that she is his mate. They start spending all their time together and unfortunately attract the attention of some bad characters from his past. Trevor thinks their after Roxy due to their hatred for him and past mistakes but little does he know that that isn't the only reason they are after her. They discover along the way that there is more to Roxy than they thought and that she is indeed supernatural herself. She is able to quickly gain control of her powers and is extraordinary! His friends/pack mates all care for her and she fits right in. When their pasts collide will they be able to make it through it or will it be the one thing that destroys them? Find out in this fabulous story!!! A MUST READ!!!

## **Carrie (Book Fairy) Fort says**

**Favorite Lines “That’s me, a beautiful disaster. I’ve always been told how talented and pretty I am, but in reality, my life is a mess.”**

**His fingers trailed down her arm to take her hand in his. “We all have disasters to deal with. Once we get through them, we’re stronger for it,”**

**“There is nothing hotter than a man who craves my words.”**

**“His touch shatters my fears and dries my tears  
His lips drive away the shadows and brings heaven  
His gaze brings a smile that never falters  
His love completes my heart in a way I never knew possible  
His heart and soul are mine, and only mine, forever”**

**“It’s not about singing like anyone else. It’s about enjoying what you’re singing.”**

**“I’m here, right here. You kept me here. You, no one else, A Chroí.”**

WOOT WOOT OH YES SHE DOES IT AGAIN!!! I've been a huge fan of all things Brandy L. Rivers for the longest time! So when Nights Embrace came out I was dying to get my hands on it! As with all her books she bring paranormal to whole new level! What made this book so different and fabulous were the lyrics! Roxi is done with lying cheating musicians but, when she hears Trevor's voice the world simply melts away! When Trevor sees Roxi he can't believe he has finally found her! Then when she sings his whole world melts away! Watching Trevor knows Roxi is his mate but how does he tell her? To top it off a rival clan is out to get Roxi. It's actually Roxi's dead beat "sperm donor" that is out to get her, I loved everything about this book. The love, fighting, magic, tattoos, and the story! I love forward to reading more of this world. I also enjoyed how the author had some spotlights of my favourite characters from Editon! Recommended to anyone who loves paranormal romance! Bravo!!

I was given this book in exchange for an honest review (MFHBR)
