Nikolai Marissa Farrar

A stand alone book set in the vampire romance world of ‘A Vampire’s Thirst.’

Russian vampire Nikolai Petrov is forced by his maker to a meeting in a shady nightclub run by werewolves when it hits him—a craving for blood and sex, like nothing he’s ever experienced before—and his darkest vampire desires are unleashed.

But then a delicious scent assaults him. That of his Bloodmate. And she’s in terrible danger.

Nikolai knows he has to find her. If he doesn’t, the Thirst will take hold for good, and the number of deaths will be catastrophic—including his own. But Nikolai isn’t the only one after his Bloodmate. An older vampire has paid to own her, because Nikolai’s Bloodmate isn’t purely human...

The hunt is on, the battle fierce...only the strong survive a Vampire’s Thirst!

Please note, previous books do not need to be read prior to Nikolai.

Roxie's Reviews says

"A Stunning Vampire Romance series"

You will find some unique and exciting stories in this series. The stories are written by some amazing Author's! The storylines are exciting and awesome. The characters are amazing. Each book keep you glued to it's pages.

The Thirst starts when a Vampire, comes in the vicinity of his bloodmate (soulmate). The Vampire will crave blood and sex to an extreme. If the vampire can not find their bloodmate they will go insane!

Nikolai is a sexy Russian vampire living in London. He comes across the scent of his bloodmate, at a werewolf's club. This is when the Thirst hits him.

Lauren is a young woman who is kidnapped by the werewolf. He plans to sell her to an evil vampire. The Wolf tells her she has fae blood! Nikolai rescues her, but all is not over yet! As the wolf and the evil vampire will try to get her back!

Can Nikolai protect his bloodmate? Can he over come The Thirst?

You will so love this exciting,funny,suspenseful,thrilling,sweet, and scorching hot Vampire Romance! It is a Five Star plus story and series.

Shawn says

A quick-paced vampire-human romance with lots of sex and action. This is definitely a fun, quick read with the added bonus that the vampire didn't put the human woman into the peril he rescues her from--so refreshing.

There are other books, by other authors in this series and I have not read any of them, but that did not hinder my reading experience. Help arrives from France and other places with the mention of finishing up business there, so I get that, if I'm interested, I can find out what that business was, but no spoilers for previous books are in this and no need important plot information is lost by not having read them.

Sandy says

First let me state, I received an Advance Reader Copy, (ARC), but this in no way influences my review. I always leave an honest review.

Excellent story. Lauren is one tough cookie, even after being kidnapped & sold as a blood slave, she held herself together. Nikolai is a young, but sexy vampire who almost succumbs to "The Thirst". Thankfully he finds his bloodmate, Lauren. Evil vampire, crazy greedy werewolf, just add to this story. I recommend this read. 5 Thumbs up.

Sheryl says

Great story line and I loved the characters in this story. Great interaction between Nikolai and his bloodmate Lauren.

I am voluntarily leaving my honest review of this book. This is another fantastic book from A Vampires Thirst series by various authors.

Sherri Wyman says

Gripped by the thirst, Nikolai is becoming a slave to his baser needs and the only thing that can calm this terrible thirst is his blood mate. Then in the least likely situation he catches the cupcake scent that can either be his salvation or his undoing.

Lauren is used to being the only one looking out for Lauren. When she's suddenly abducted and held prisoner to be sold as a blood slave to a vampire her survival skills are put to the test.

This is a fantastic read!!! Nikolai and Lauren are a love story for the books.

Melanie Hawkins says

Utter Perfection

This was an amazing book that started off with action from the start. This book drags you into so well you lose track of time. This book brings in more information about this thirst. You will laugh and maybe you will cry, but it will surprise you. There will be a time you might scream too, who knows.

Come and pick up this book you will love it.

Until Next Time... Tabi

Maria Varley says

Amazing

Wow. This is the latest stand alone in the Vampires Thirst series but it's written by a new author.

Nikolai friend and maker asks him to go see a wolf who he dose not like. However not long into the meeting The Thirst hits him and he's overcome with the need to feed.

Lauren is a street rat,stealing what she can in order to live and have a room to stay in, when shes captured and threatened by the same people Nikolai is meeting with. She has been sold.

Will Nikolai be able to save his Bloodmate before the other Vampire comes for her? Who is the second vampire? Find out in this latest instalment

Raina Collins says

The Vampire's Thirst series is wonderful. Each book is written by a different author but they all connect together. You can easily read them in any order. I love the whole Love at first scent. Where the soul and heart have always known the other person but now the mind must realize it too. The love and devotion are just right. And there is always a bad guy who just has to ruin it. Action, supernaturals and some hot scenes. What more can you ask for?

I voluntarily read and reviewed a copy of the book.

Tamara says

Sooo Hot!

Another unique addition to the series. This time for a change we have a young vampire instead of an ancient one. There are some seriously hot love scenes that will have you squirming as you read. And the bad guys are so well written that you just want to jump into the pages and kill them yourself. Nikolai, a brooding Russian bad boy who changed his ways when he became a vampire, reluctantly agrees to attend a meeting with a werewolf nightclub owner at his maker's request, and catches the scent of his Bloodmate. I loved the character of Lauren. She's a tough, independent, and resourceful woman determined to do whatever it takes to survive. When she is kidnapped by werewolves, and subsequently rescued by Nikolai, she finds herself thrown into a strange new world that will change her forever. Plenty of action and lots of emotion and twist and turns that will have you glued to the pages til the very end.

Amy says

Lauren's blood is like a paranormal dinner bell

Lauren's blood is very desirable and makes her a target for supernatural beings as a valuable commodity to be taken and sold. Nikolai is her bloodmate, and when she's kidnapped, he'll fight his own side to save her. He also has to fight himself. The Thirst creates an intense craving for her blood and sex, and if he isn't careful, she could get hurt and he could go insane. So, there are some pretty big consequences if anything goes wrong.

This standalone book is part of a series about vampires and their "Thirst" and the larger paranormal world. It's written by different authors, so you get the same "Thirst" universe but with the different writing styles of these various authors. You don't need to read the others to understand this one but there are going to be overarching themes and characters that run throughout. I like this because not everyone likes the same style of vampire--some like dark and erotic, some like it lighter or more romantic. This way, you get the same world but with a different tone. It gives you options.

Ana says

Only Time Will Tell....

Nikolai is not a old vampire, as a matter of fact he is a fairly young vamp, but he has managed to build a fortune and good reputation for himself. He'd never turn to the life that condemned him to become a vampire in Russia in the first place. Now he has very bad dilemma, he has caught a tantalizing scent that has thrown him into an unexpected desire for blood directly from a human and he hasn't partaken in that form of feeding in years. When he discovers what is afflicting him he must find his Bloodmate, only problem is he is running out of time before he loses it to the blood thirst and has to be put down by the Directive, being such a young vampire will not help him, not even Lauren?

Very different and intriguing!

Mandy Parmenter says

Nikolai Petrov is a Russian vampire that now lives in London and gives in to his maker and attends a business meeting in a shady nightclub run by werewolves. He is then hit but an insatiable need for blood and sex and a delicious scent is picked up by him - it is his bloodmate (Lauren) and she desperately needs help. However another vampire has paid to buy her as she isn't completely human. Can he find her and bond with her before the Thirst takes over and sends him mad?

This was a roller-coaster of a chase to find her and then protect her from the buyer. There was plenty of action and drama in the story of how Nikolai and Lauren met and became mates. Nice story with some great touches like her not being fully human and the buyer.

Sandra Jones-holloway says

OMG!!! Absolutely amazing!!!

Nikolai and Lauren absolutely stole my heart! Their story of loss, finding love, loss again, and forever finding love had me going from tears, to smiles, to anger, to smiles, and finally happy tears! Nikolai is an amazing character of friendship (even though he didn't think so), goodness, and love. Lauren, even though she'd been through hell, had a heart she couldn't hide. The twist to the story was wonderful and had me hanging on every word. Great work Marissa!!!!

Betty says

The Thirst has hit another Vampire. Nikolai Petrov is a handsome Russian and successful financier and a younger Vampire. His Bloodmate happens to be Lauren Morgan who has been on her own for 9 years (since she was 15) and unbeknownst to her, has Fae blood. Unfortunately, an evil and ancient Vampire wants her for her Fae blood and has kidnapped her. The race is on whether Nikolai can get to her in time before The Thirst takes him over completely.

This was an edge-of-your-seat, action packed, funny and scorching romantic story. Loved it and the characters and I highly recommend this book. An awesome addition to The Thirst Series!

REVIEW

I have read all the books in A Vampire's Thirst and they just keep on getting better. They are all stand alone books by various authors.

Nikolai is a younger vampire so his abilities are less than many but he isn't going to let that stop him. His Maker wants him to take on a business proposal with a wolf not just any wolf a wolf who is selling humans to vamps. While in this club Nikolai takes on a change unlike anything he is used to and it all ends with a scent.

Lauren has had a pretty messed up life. She has been on her own since she was a teenager. One night she is kidnapped and taken by none other than a bunch of werewolves. She isn't too shocked by anything anymore in her life.

Then everything goes to hell in a handbasket and it is all because of Nikolai's maker? Can Nikolai save the woman that was made for him before it's too late and the Vamp and The Thirst take him down?

Grab your copy and read this sexy, romantic story....
