Alyx says

I'm sad I have to wait a whole month for the next issue, but I'm glad that this one finally answered some questions about what the hell was going on! It was a bit on the emotional side, too, and shit hit the fan. I'm so interested to know what's going to happen next!

Carlos Peguer says

Qué ganas de entender algo de lo que está pasando.

Kay Dee says

i like this story. it has that 1980's vibe to it like Goonies and Ghostbusters and Adventures in Babysitting all mixed up or something. i just love it.

i think i might have needed to get #7 too but i thought i got that already. hmm looking at the cover i see the store did not have #7 in so that's why i did not pick it up. i am gonna have to request it. i'll do that tonight! just like Lazarus i liked it a lot a lot and cannot wait for more.

i really like the letters in the back from Rita Pearl the Papergirl and fans. those are funny because she seems to take each one seriously like they are really in the guild or time travelers.

Solace Winter says

The ending keeps this going. Every time I think, "This might be getting too weird for me," it ends up having enough of an ending I want to just keep going and see what happens.

"Don't trust other Erin !!! "

Mimundo.Literario says

Con la frase “solo el tiempo es eterno” abre la octava parte de esta entretenida e interesante historia que te cautiva desde un principio.

Erin y su doble adulta, se encuentran registrando el centro comercial abandonado, esperando encontrar

alguna pista sobre KJ, pero lo único que encuentran es un palo de jockey. Mientras tanto en la ciudad una bestia tremenda acecha en el mar, y las chicas se dirigen raudas a encontrarse con las Erin, pero se encontrarán nada menos que con la otra Erin (sé que esta enredado, pero es así jajajaj). En el interior del mall las Erin tratan de bajar el palo de jockey del techo, pero lo que la Erin del pasado encuentra la deja realmente sin palabras, ya que el objeto tiene escrita la frase “¡no te fíes de la otra Erin!”.
Uff, como me gusta esta historia, llena de ciencia ficción y de cosas raras jajaja
Una serie de comic que me está encantando que se las dejo recomendadísimo.

Ana says

Cada vez se pone más interesante.

THE ENDING OH SHIT

there's truly nothing more terrifying than science fiction dystopia WHERE YOU'RE STUCK IN 2016 like in this comic. no thanks! pass!

i love these girls. they're all badass in different, unexpected ways.

Vinton Bayne says

What the heck is going on?! I've never been so confused and so enthralled at the same time.

Derek says

Rating 3.5*

It should be higher, but it's my own damn fault for starting the series on issue 8 not the first one. It's bot confusing at all, and I'm intrigued enough to want giro go fish out the earlier issues. Brian K Vaughn is an awesome writer, and the artwork is amazing, the story has a cohesion even on issue 8 that's very apparent. I can't do what I've just done of skipping all previous 7 issues of this story, with other series. Did it pay off? Yes, I'm obviously entertained and intrigued enough to want to read more. This is a good series.

Podrían empezar a explicar algo... Me encata todo, pero te agregan un "misterio" y no lo resuelven más... ya me imagino el último número.

Candice says

The art is still magnificent and I wish the issues were coming out faster because aaaaah I need to know!
