**Secret Star** Terri Farley

For the Phantom, there is only one girl.

For Sam, there is only one horse.

A movie star horse and his trainer are coming to River Bend Ranch, and Samantha can't wait. But when Bayfire shows up, something is obviously wrong. The famous stallion has lost his sparkle.

Bayfire has to get ready for his biggest, most dangerous scene of his new movie. If Sam can't help bring back the stallion's fiery spirit, his career could be over -- and someone could get hurt.

A great series for the young horse-lover! I read the whole series as a kid and each book keeps you interested and racing for the next!

Another amazing book! But the author is getting off topic. The Phantom isn't one of the main characters anymore. He's still mentioned in every book, but he's not in the main part of the story. I would appreciate more focus on the Phantom.
