A group of resourceful kids start "solution-seekers.com," a website where "cybervisitors" can get answers to questions that trouble them. But when one questioner asks the true meaning of Christmas, the kids seek to unravel the mystery by journeying back through the prophecies of the Old Testament. What they find is a series of "S" words that reveal a "spectacular story!" With creative characters, humorous dialogue and great music, The "S" Files is a children's Christmas musical your kids will love performing.

I love this book and it's all about the photos. The only other person I know that might care just a bit is my brother Nick.

## Serge Pierro says

This is a STUNNING collection of Sunburst Les Pauls from 1958-1960. Each guitar is presented with a complete photograph of the front, along with other views. The best view is the one in which the guitar is angled to show off the beauty of the Maple cap. Concise, but interesting, information is presented with each guitar. (including sections on the P.A.F. pickups and the different methods of cutting the woods for the tops.) I was surprised as I "gasped" at the beauty of some of these tops - gorgeous guitars! Guitar porn at its finest!
