Clarenda says

Very disappointed. I've read a few of her other books, and this one was subpar. I feel like I wasted my time.

Marci says

good

Bobbie BoClair says

This book kept my interest. Some of language used was not my taste personally. But all in all a good read.

BNic says

This was okay. It kept my attention because I wanted to know what would happen. It didn't really turn out that great to me though!

Ebony says

I enjoyed the book especially after reading heavier books. I didn't really like the ending but I guess she made her point.

Belinda says

Enjoyed this book. I believe there is something to be said about The Company We Keep. We can be elevated or brought down by our company. I'm a firm believer we should associate with people who are going somewhere and have something positive going on in their lives as Teri Stewart did and her best friend, Nicole. This was not one of her best books.

Jenene says

This was my first book by this author (read for book club) and I hope the rest of her books are not this poorly written. The characters were under developed and erratic. New characters introduced and then never heard from again.

Camille says

Enjoyed this book. I always enjoy her books.

Shonnie says

I've read other reviews on this book and it seems a few didn't like the fact that she didn't have a lot of drama. I on the other hand appreciated the fact that there wasn't a lot of drama. Life is drama! Sometimes I just want to escape and read something entertaining. This book answered my craving. I will admit that I've had this book for a while now however, I finished it in two days.

OKAY. All I have to say is...what happened???? I am a huuuge fan of Mary Monroe, but this one just did not do it for me. The plot was.....what plot????? A very boring, dry read. I got through the book in about four hours because I couldn't stop reading, just WAITING and ANTICIPATING something, anything to happen. Nope, never did. The characters were dry and the main character was definitely overdeveloped, left no room for even a halfway decent plot. Thoroughly disappointed!

Tamiko Rembert says

First and last time reading this author...The Company We Keep seemed somehow disjointed, and the shameless name drops--even of fictional celebrities--grated on my nerves. Truthfully, even Teri wasn't very likable, although I did like Nicole quite a bit better. I wish I'd enjoyed this book more.

Judi says

Not one of Mary Monroe's better works. I listened to this as a book on tape. The narrator was good. Story line, characters predictable. A light, amusing read. I am begining to realize that my amusement when reading/listening to Mary Monroe's books may not be for the same reasons as other folks. To me her books are over the top, but I like them just the same.

Madlyn says

Good entertaining book.

Brandy says

I had to read this book for my book club. It is not a book that I would typically pick up, but I tried to keep an open mind. However, it was terrible. There was absolutely no plot. I felt like I wasted an afternoon of my life reading this book.

Sharonbrown says

I like Monroe's drama laden stories but this one was disappointing. There was no plot, people just pop up and disappear and I was bored so badly that I just said forget it and returned it to the library. Better luck next time Monroe!
