## When the Devil Drives Caro Peacock

*A Liberty Lane mystery - Autumn, 1839.* As the London nights darken, rumours spread about the devil's chariot, which preys on young women walking alone at night. Novice private investigator Liberty Lane has no time for such horror stories, so when a poetic young man begs her to find his missing fiancée, she accepts, suspecting there is a more prosaic explanation. Meanwhile, she is engaged to help prevent a royal scandal involving Prince Albert's worldlier brother, Prince Ernest. Liberty begins work on both cases, but when young women begin showing up dead, the tales of the devil's chariot don't seem so ridiculous any more.

## Miranda Lydia says

This book, which is, simply put, a novel set in 19th-century London with a female protagonist who is a private investigator, was quite an interesting read ... that is, until I reached the end. The plot had me hooked and the idea of a female PI in 19th-century London was intriguing. However, the disappearances and murders that were being investigated quickly lost their appeal when I reached the last several chapters of the book. The quick pace petered out and the interesting mystery that was at the heart of the novel became quite dull as it was being solved. The conclusions Miss Lane, the main character, jumped to and the nexus between all of the mysterious occurrences in the novel turned out to be nebulous at best. Whereas I would like to give this book 4 or 5 stars, I just cannot. Hopefully, the next novel I read by this individual will be less incredible.

## Drianne says

I really liked this, the fourth book in the Liberty Lane series! Liberty is quite good at thinking and a professional (such a nice change in a genre where all too many of the heroine-detectives are rather dumb and blunder around a lot). I continue to like the weaving of the story into history as well. Yay!

---

## Andrea says

Another suspenseful read set in Victorian England with Liberty Lane as the main character who is on the case every time there is something top secret to investigate and nothing is ever as it first appears to be. When the Devil Drives is a haunting story of girls who disappear and then turn up dead in very public places making it seem as if they have killed themselves when in fact it may not be the case. Political and royal intrigue are intertwined in this suspenseful and thrilling story. I really enjoy reading about Liberty, and her assistant young Tabby who seem to be getting themselves into many tight spots!

---

## Margaret says

Interesting mystery set during the very early period of Queen Victoria's reign.

The detective of the piece is Miss Liberty Lane. The character didn't gel well for me. My biggest bugbear was her behaving in ways that would have seen her castigated by society. Like allowing a client to buy her a dress. Umm, no. Only time a man who wasn't father, husband, or guardian would buy a woman clothes was if the woman was the man's mistress.

I found a few things weren't explained, which annoyed the hell out of me.

## **Melissa says**

Interesting mystery set in London. I need to go back and reread the previous books again...too long in between them

"As the London nights darken, rumors spread about the devil's chariot, which preys on young women walking alone at night. Novice private investigator Liberty Lane has no time for such horror stories, so when a poetic young man begs her to find his missing fiancée, she accepts, suspecting there is a more prosaic explanation."

## **Barbara says**

Best one yet. Nicely complex story. While I like Liberty, the ancillary characters are really what make these books for me--Amos and Tabby, especially.

---

## **Maryanne says**

First class: Beautifully plotted with nice twists, incisive writing, independent and clever protagonist. Love the dialogue between Liberty Lane and her second, street-urchin Tabby; love the Victorian gothic elements which curl through her stories like Victorian London lamplight and mist.

---

## **Mary MacKintosh says**

I really like Caro Peacock's Liberty Lane mysteries. They are set in the 1830's when Queen Victoria was very young—in this one, just at the beginning of falling in love with her Albert. Liberty tends to find herself being drawn into political intrigues as she pursues her living as an investigator. She is asked to find a missing young woman. It is near Halloween, and a mysterious black chariot is causing fear in London. Liberty's friend, hostler Amos Legge has his own mysteries to solve, but as the investigations continue Amos and Liberty find themselves seeking the same villains, and both of them are at risk from their government. Good, absorbing story!

---

## **Joy says**

cr 2011 I am again attracted to 1830's Britain. main Liberty Lane investigator and main Abbey is a twist on the usual mystery of Anne Perry. Liberty is caught up in a plot about the Victoria/Albert marriage...a devil jack the ripper type issue. This was one to pick up again because my mind really wanted to solve the who done it. there are 3 prior mysteries. A foreign affair, a dangerous affair and a family affair

author Gillian Linscott writing as Caro Peacock

---

### **Linda says**

I couldn't put it down. Well-written and an absorbing mystery.

---

### **Melanie says**

Liberty Lane is a most excellent heroine, but I tend to like her even better with Tabby and Amos about to help her solve mysteries and get out of scrapes. I like it best when the trio works together. This was an excellent addition to the series, and I'm ready for book 5 next.

---

### **Kate Forsyth says**

This is the 4th in an enjoyable series of historical murder mysteries featuring the feisty detective, Liberty Lane. Set in 1839, this episode features a series of missing girls, a potential royal scandal, a mysterious black coach, as well as the usual cast of charming minor characters. I didn't think this one was quite as good as the first few, but it was still a very readable read.

---

### **Val Sanford says**

Liberty Lane is not one of the gossiping, tea-drinking, clothes horses women of the 19th Century. She is patriotic, vigilant pursuer of truth who makes her living as a private inquiry agent in London. This book, the 4th in her series, opens in 1838. Victoria is on the throne and she has become besotted with Prince Albert, of Saxe Gomerburg Gotha. Foreign government will stop at nothing to stop the engagement brewing between 'Vicki' and Albert, who is on a state visit from the continent. Liberty Lane is drawn in and used by assassins, the British Foreign Office and her stubborn refusal to walk away from the deaths of women, their bodies placed at the base of national monuments. The plot is good, the characters entertaining and sufficiently developed. It's a fun and fast read.

### **Jennifer Kloss says**

Fun read - recommended by a gym friend.

---

### **Perky says**

Riveting and historically enriching.
